The Power of Intention Dr. Wayne W. Dyer,2006-01-01 Intention is a force in the universe and everything and everyone is connected to this invisible force Intention is generally viewed as a pit bull kind of determination propelling one to succeed at all costs by never giving up on an inner picture In this view an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed However intention is viewed very differently in this book Dr Wayne W Dyer has researched intention as a force in the universe that allows the act of creation to take place This book explores intention not as something you do but as an energy you re a part of We re all intended here through the invisible power of intention This is the first book to look at intention as a field of energy that you can access to begin co creating your life with the power of intention Part I deals with the principles of intention offering true stories and examples on ways to make the connection Dr Dyer identifies the attributes of the all creating universal mind of intention as creative kind loving beautiful expanding endlessly abundant and receptive explaining the importance of emulating this source of creativity In Part II Dr Dyer offers an intention guide with specific ways to apply the co creating principles in daily life Part III is an exhilarating description of Dr Dyer s vision of a world in harmony with the universal mind of intention
