Weber, 2001-01-01 Bernardo Bellotto is considered to be one of the greatest topographical and landscape painters of the eighteenth century Trained as a painter of cityscapes he produced vivid and memorable images of many of the greatest cities of Europe including Venice Florence Rome Dresden Munich Vienna and Warsaw He also ventured successfully into genre portraiture allegory and history painting This beautiful book written by leading specialists on Bellotto examines his career and artistic development places his work in the context of the political needs of central European monarchs and presents a selection of his major paintings from each of his principal periods and genres Bellotto began as a painter of conventional views of Venice in the manner of his more famous uncle Canaletto However his quest for new subject matter led him to visit half a dozen cities in northern and central Italy in the early 1740s and at twenty five he left Italy for northern Europe where he spent the rest of his life working for royal and aristocratic patrons In Dresden he was engaged in the service of Augustus III where he created many glorious canvases and was awarded the title of Court Painter He then moved to Vienna and recorded its attractions for Empress Maria Theresa He ended his career as Court Painter in Warsaw and his detailed paintings of the city played an important role in its reconstruction after the Second World War The book demonstrates that in each of the places Bellotto lived he was able to capture the particular light and life with sensitivity and imagination [The Legacies of Literacy](#) Harvey J. The Shining Inheritance Marco Musillo, 2016-06-01 During Qing dynasty China Italian artists were hired through Jesuit missionaries by the imperial workshops in Beijing In *The Shining Inheritance* Italian Painters at the Qing Court 1699 1812 Marco Musillo considers the professional adaptations and pictorial modifications to Chinese traditions that allowed three of these Italian painters Giovanni Gherardini 1655 ca 1729 Giuseppe Castiglione 1688 1766 and Giuseppe Panzi 1734 1812 to work within the Chinese cultural sphere from 1699 when Gherardini arrived in China to 1812 the year of Panzi's death Musillo focuses especially on the long career and influence of Castiglione whose Chinese name was Lang Shining who worked in Beijing for more than fifty years Serving three Qing emperors he was actively engaged in the pictorial discussions at court *The Shining Inheritance* perceptively explores how each painter's level of professional artistic training affected his understanding selection and translation of the Chinese pictorial traditions Musillo further demonstrates how this East West artistic exchange challenged the dogma of European universality through a professional dialogue that became part of established workshop routines The cultural elements procedures and artistic languages of both China and Italy were strategically played against each other in negotiating the successes and failures of the Italian painters in Beijing Musillo's subtle analysis offers a compelling methodological model for an increasingly global field of art history
