Seventeenth Century Prose (Classic Reprint) Elizabeth Lee, 2015-07-13 Excerpt from *Seventeenth Century Prose* Although it is usual for the sake of convenience to classify great writers according to the century in which they flourished the division must always be an arbitrary one since the beginning and ending of a century does not necessarily coincide with the beginning and ending of other things It does however so happen that the authors selected for this volume with one exception all lived and worked and died within the seventeenth century Before the seventeenth century English Literature has little to show of what is by common consent regarded as literary prose in the modern sense of the term that is prose which follows the approved rules so far as there can be any of style Sir Thomas More Roger Ascham Tyndale the translator of the Bible Sir Philip Sidney Richard Hooker Sir Walter Raleigh Francis Bacon to mention only the chief names wrote literary prose before that era and their work forms important steps in the evolution of English prose But the old superstition if we may so call it that prose could only be properly written in Latin still lingered About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish

or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Seventeenth-Century Prose and Poetry Robert Peter Tristram Coffin,1929 **English Prose of the Seventeenth Century 1590-1700** Roger Pooley,2014-06-06 This is the first book length history of the range of seventeenth century English prose writing Roger Pooley s study begins with narrative ranging from the fiction of Bunyan and Aphra Behn to the biographical and autobiographical work of Aubrey and Pepys Further sections consider religious prose from the hugely influential Authorised Version to Donne s sermons the political writing of figures as diverse as Milton Hobbes Locke and Marvell cornucopian texts and the writings of the new scientists from Bacon to Newton At a time when the boundaries of the canon are being increasingly revised this is not only a major survey of a series of great works of literature but also a fascinating social history and a guide to understanding the literature of the period as a whole Seventeenth-century Prose and Poetry Alexander Maclaren Witherspoon,1953 *Seventeenth Century Prose* Elizabeth Lee,2017-08-28 **Seventeenth Century Prose** Frank Percy Wilson,2012-03-31 **Seventeenth Century Prose : Five Lectures** F. P. Wilson,1976 *The New Cambridge Bibliography of English Literature: Volume 1, 600-1660* George Watson,Ian Roy Willison,1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries *Seventeenth-century prose* Matthias Adam Shaaber,1957 Studies in Seventeenth-century Prose ,1977 *Reader's Guide to Literature in English* Mark Hawkins-Dady,2012-12-06 Reader s Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study Another Aspect of Seventeenth-century Prose Hugh Macdonald,1943 **Studies in Seventeenth-century Prose** William A.
