The Seventh-Day Sabbath and Its Redemptive Function in God's Everlasting Covenant of Grace A.M.Simataa,2012-05

This special and remarkable book The Seventh day Sabbath and its Redemptive Function in God's Everlasting Covenant of Grace by A M Simataa addresses topical issues in the Bible quite pertinent to the 21st Century Christianity. The author takes a defensive approach of the gospel and brings to the surface some of the least understood teachings of the Bible. Although written from a Seventh day Adventist's perspective, people of differing religious background and persuasions will find this book very instructive. If you have been looking for a book that pains takingly discusses the Gospel seriously and biblically, this is the book you have been searching for. Some of the topics featured in the book include: The Truth about the Bible Sabbath, The Judgment of the Living, Heavenly New Jerusalem, The Marriage Supper of the Lamb, and the Rapture. The Remnant Church in the Parables. Mr A M Simataa teaches at a High School in Windhoek, Namibia. He likes sharing the Gospel with others and spends some of his spare time witnessing to others. The central role of the Seventh day Sabbath in the Redemption of our race is the least understood topic in the Bible today. Most believers have even dismissed its relevance to today's Christianity. However, the truth is that the Sabbath is at the heart of Christ's work to save human beings in accordance with God's plan. The Sabbath is so central to the work of atonement that Christ is referred to in the Bible as the Lord of the Sabbath. The issue of the Sabbath will become pertinent as we near the End, and every human being will be required to take a stand in the conflict involving the Sabbath question. This book will plant your feet on a solid foundation.

The Seventh Day Sabbath Joseph Bates, 2020-07-18. Reproduction of the original The Seventh Day Sabbath by Joseph Bates. *Exposing Seventh-day Adventism* Russell Kelly Ph. D., Russell Earl Kelly, 2005. Seventh day Adventism entices members into it using trickery and half truths. They tell the unenlightened public one thing and insiders yet another. Dr Kelly explains how he was tricked into joining. He then refutes the theological fiasco called the Investigative Judgment which created the sect. Much of the book looks at the Sabbath with fresh insight. The final part reveals the mysterious realms of Sheol and Hades in order to expose SDA error about the soul. Russell Kelly is also the author of Should the Church Teach Tithing? A Theologian's Conclusions about a Taboo Doctrine, a best seller on Amazon.com under Tithing since 2001.

Three Books of Occult Philosophy Heinrich Cornelius Agrippa von Nettesheim, 1993. The Three Books of Occult Philosophy's vast store of magical lore has been so influential that occultists have been drawing upon it for the past five centuries. This classic work was first published in 1531 and translated into English in 1651, but it has never since been reprinted in its entirety. Now for the first time in 500 years, editor Donald Tyson presents these writings as Agrippa intended them to appear: wholly complete and free from the hundreds of errors made in the original translation. The Three Books of Occult Philosophy is the most complete repository of pagan and Neoplatonic magic ever compiled. This book is packed with material you will not find elsewhere, including copious extracts on magic from obscure or lost works by Pythagoras, Pliny the Elder, Cicero, Ptolemy, Plato, Aristotle, and many other authorities.

Donald Tyson's detailed annotations clarify difficult references and provide origins of quotations even expanding upon them in many cases in order to make Agrippa's work more accessible to the modern reader. As well as providing extensive insight into the foundations of the Western Esoteric tradition, the *Three Books of Occult Philosophy* is the ultimate how-to for magical workings. It describes how to work all manner of divinations and natural and ceremonial magic in such clear and useful detail that it is still the guide for modern techniques. And the extensive supplementary material, including biographical and geographical dictionaries and appendices, provides quick reference to many previously obscure matters in classical magic. The *Three Books of Occult Philosophy* is an essential reference tool for all students of the history of ideas and the occult tradition.
