Seventy Years And Never A Dull Moment:

Never a Dull Moment Ernst Gideon Malherbe, 1981 This record of reminiscences which Convocation of the University of Natal so generously invited the author to write is not strictly an autobiography but a series of rather random sketches of events and people They deal more with the kind of happenings one like to recall something when chatting in a light hearted way with a group of friends around the fireside Though they have on the whole been treated in a light vein some of the events were momentous and even tragic as for example wars They affected the whole country and most of the world The author has not indulged in a contemplative analysis of thoughts and emotions that were associated with the stories Other events were more or less trivial and confined to the author's immediate family and friends with whom the author grew up played and worked It is the very heterogeneity of the author's experiences that made life interesting for the author Those who may be interested in the author's serious activities and writings are referred to the Appendices

The Literary History of Alberta Volume Two George Melnyk, 1998 In this the companion to the landmark volume The Literary History of Alberta Volume One From Writing on Stone to World War Two George Melnyk examines Alberta literature in the second half of the twentieth century At last Melnyk argues Alberta writers have found their voice and their accomplishments have been remarkable The contradictory landscape the stereotypes of the Indian the Mountie and the Cowboy and the language of the Other speaking from the margins these elements all left their impressions on the consciousness of early Alberta But writers in the last few decades have turned this inheritance to their advantage to create compelling stories about this place and its people Today Melnyk discovers Alberta writers can appreciate not only this achievement but also its essential source the symbolic communication of Writing on Stone The Literary History of Alberta Volume Two extends the study of Alberta's cultural history to the present day It is a vital text for anyone interested in Alberta's vibrant literary culture
