Severely Handicapped Young Children and Their Families Jan Blacher, 1984 *Families and Mental Retardation* Diane Marsh, 1992-05-27 Traditional pathology models do not provide a satisfactory framework for professional practice with families of people with mental retardation Families and Mental Retardation is written from the perspective of a competence paradigm for professional practice which offers a constructive alternative to the more prevalent pathology models of the past The goal of professional practice is to empower families in coping with the catastrophic stressor of mental retardation Such an approach recognizes the strengths and resources of families which have often been minimized in the past and fosters new collaborative modes of family professional relationships Unique features include a consideration of life span and family system and subsystem perspectives as well as the inclusion of powerful personal accounts of family members The volume is likely to be of special value to mental health and health care professionals who often receive little training in mental retardation or family professional relations and who tend to apply a pathology model In contrast a competence paradigm is more prevalent in education *America's Family Support Programs* Sharon Lynn Kagan, 1987-01-01 Essays discuss the prevention of child abuse day care family education program funding and staffing family research and program evaluation Ordinary Families, Special Children Milton Seligman, Rosalyn Benjamin Darling, 2017-02-13 This popular clinical reference and text provides a multisystems perspective on childhood disability and its effects on family life The volume examines how child family ecological and sociocultural variables intertwine to shape the ways families respond to disability and how professionals can promote coping adaptation and empowerment Accessible and engaging the book integrates theory and research with vignettes and firsthand reflections from family members **Ordinary Families, Special Children, Third Edition** Milton Seligman, Rosalyn Benjamin Darling, 2009-02-23 This popular clinical reference and text provides a multisystems perspective on childhood disability and its effects on family life The volume examines how child family ecological and sociocultural variables intertwine to shape the ways families respond to disability and how professionals can promote coping adaptation and empowerment Accessible and engaging the book integrates theory and research with vignettes and firsthand reflections from family members *Cognitive Approaches in Special Education* David A. Sugden, 1989 The central message of Sugden's book is that work in special education should be interactive in nature A child approaching a learning situation brings cognition and strategies and these should be used in enabling the child to be actively involved in the learning process **American Journal of Mental Deficiency**, 1987 Includes the association's conference proceedings and addresses **The Oxford Handbook of Intellectual Disability and Development** Jacob A. Burack, 2012 We know considerably more about persons with intellectual disability than we did even a decade ago Seeking to improve and increase upon this knowledge this book provides a map to continue sophisticated and precise research to inspire professionals involved with intellectual disability and to better the lives of persons affected by it *Methods of Family*
