Sex And Heaven Catholics In Bed And At Prayer:

Sex and Heaven John Portmann,2003-03-05 And so the way we worship apparently matters less to God than the way we make love The diagnosis may not be limited to Roman Catholicism for today Jewish Protestant and Muslim communities also struggle to decide what the next world holds for their sexual dissidents Curiously debates over where gay people belong now feed into debates over how much equality women deserve in the West s three major faith traditions BOOK JACKET

Soul, Self, and Society Edward L. Rubin,2015-02-17 Morality is not declining in the modern world Instead a new morality is replacing the previous one Centered on individual self fulfillment and linked to administrative government it permits things the old morality forbid like sex for pleasure but forbids things the old morality allowed like intolerance and equality of opportunity *Philosophischer Literaturanzeiger* ,2007

The Catholic Church and Transnational Moral Norms in the Philippines Jonathan T. Chow,2025-06-30 Jonathan T Chow explores the Roman Catholic Church s engagement with transnational human rights norms and how its understandings of Catholic identity and doctrine have profoundly shaped the politics surrounding contraception and human trafficking in the Philippines In the global politics of morality the Catholic Church is one of the world s foremost practitioners shaping not only the language of transnational moral norms but also how they are implemented at the domestic level Through norm thickening connecting transnational norms to deeply held local identities and religious teachings and institutionalizing those connections in policies practices and organizations the book argues that the Church can build a more coherent and locally credible moral basis for transnational norms than international consensus alone While in some cases this can strengthen transnational norms and facilitate cooperation between the Church and the government in other cases it can instead harden opposition to those norms and facilitate polarization with significant consequences for Philippine society Drawing on field interviews in the Philippines as well as Vatican and UN documents Chow paints a compelling picture of how one of the world s largest religions shapes the global moral landscape This book will be of particular interest to students of religion Catholic theology human rights international relations theory and Asian studies and anyone seeking to better understand the transnational politics of morality **The Catholic Periodical and Literature Index** ,2009 **Conscience** ,2003 *The Publishers Weekly* ,2004 *The Virginia Quarterly Review* ,2005
