The sexual life of our time: a complete encyclopaedia of the sexual Iwan Bloch, 1937 [The Sexual Life of Our Time in Its Relation to Modern Civilization](#) Iwan Bloch, 1912 [Studies in the Psychology of Sex](#) Havelock Ellis, 1928 *The Sexual Life of the Child* Albert Moll, 2019-11-22 In *The Sexual Life of the Child* Albert Moll presents a pioneering exploration of childhood sexuality that challenges contemporary perceptions of sexual development in children Using a blend of psychoanalysis and empirical observation Moll delves into the natural sexual behaviors and instincts of children placing these within a broader framework of psychological growth His literary style is characterized by a methodical analysis employing case studies that underpin his arguments and situating his work within the burgeoning fields of child psychology and sexual education during the early 20th century This book stands out not only for its controversial subject matter but also for its ethical approach in examining the psycho sexual dynamics of children against the backdrop of Victorian and early modern attitudes toward sexuality and innocence Albert Moll 1862 1939 was a German psychiatrist and one of the early figures in sexology who sought to illuminate aspects of human sexuality that society often wished to repress or ignore His background in medicine and his interest in psychoanalytical theories led him to confront taboo topics including the sexual perceptions of children making him a controversial yet significant figure in the study of psycho sexual development Moll s work is informed by his experiences treating patients and his desire to educate society about the realities of childhood sexual development Readers interested in child psychology sexuality and the historical context of sexual education will find Moll s insights not only enlightening but also essential for understanding the complexities of human development *The Sexual Life of the Child* is a vital resource for anyone exploring the intersections of psychology education and sociology offering a bold perspective that remains relevant in discussions about childhood and sexuality In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work s timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work s messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read [The Sexual Life of Our Time in Its Relations to Modern Civilization](#) Ivan Bloch, 2021-04-22 The author s aim in writing this book was to write a complete Encyclop dia on the sexual sciences and it will probably be acknowledged by all who study its pages that the author has accomplished his intention in a very scholarly manner and in such form as to be of great value to the professions for whom this translation is intended The subject is no doubt one which appeals to and affects the interests of all adult persons

but the publishers have after very serious and careful consideration come to the conclusion that the sale of the English translation of the book shall be limited to members of the legal and medical professions To both these professions it is essential that a knowledge of the science of Sex and the various causes for the existence of abnormals should be ascertained so that they may be guided in the future in their investigations into and the practice of attempts to mitigate the evil which undoubtedly exists and to bring about a more healthy class of beings It is the first time that the subject has been so carefully and fully gone into in the English language and it is believed that the very exhaustive examination which the author has made into the matter and the various cases to which he has called attention will be of considerable use to the medical practitioner and also to the lawyer in criminal and quasi criminal matters and probably in matrimonial disputes and cases of insanity
