Serving Time Together:

Doing Time Together Megan Comfort, 2009-05-15 By quadrupling the number of people behind bars in two decades the United States has become the world leader in incarceration Much has been written on the men who make up the vast majority of the nation s two million inmates But what of the women they leave behind Doing Time Together vividly details the ways that prisons shape and infiltrate the lives of women with husbands fianc s and boyfriends on the inside Megan Comfort spent years getting to know women visiting men at San Quentin State Prison observing how their romantic relationships drew them into contact with the penitentiary Tangling with the prison s intrusive scrutiny and rigid rules turns these women into quasi inmates eroding the boundary between home and prison and altering their sense of intimacy love and justice Yet Comfort also finds that with social welfare weakened prisons are the most powerful public institutions available to women struggling to overcome untreated social ills and sustain relationships with marginalized men As a result they express great ambivalence about the prison and the control it exerts over their daily lives An illuminating analysis of women caught in the shadow of America s massive prison system Comfort s book will be essential for anyone concerned with the consequences of our punitive culture
