Setting Suns:

The setting sun, a poem [by J. Hurnard]. James Hurnard, 1870 **The setting sun; or, Devil amongst the placemen. To which is added ... a parody on The beggar's opera, by Cervantes Hogg. 3 vols. [in 1].** Eaton Stannard Barrett, 1809

The Setting Sun Eaton Stannard Barrett, 1809 **The Land of the Setting Sun & Other Nature Tales** Arefa Tehsin, 2014-01-01 You must've read about the magic of the wizards But have you read about the magic of the wild Become friends with various wild creatures know about their life cycles and be a part of their adventurous and deadly journeys through these eight stories Will Ayan solve the six riddles and find his dead father's treasure What does a scorpion have to do with it For Madhu the only way to take revenge on his class bully is to sacrifice a horned owl What will be saved Madhu's respect or the owl The jungle has turned against Scarab the dung beetle Will he escape the murderous mob and find the Land of the Setting Sun What is the shocking secret that Gloaty the wild goat discovers of Pan the God of the mountain wilds These and more chilling and thrilling stories **Visitor**, 1847 **Fears of a Setting Sun** Dennis C. Rasmussen, 2022-09-27

The surprising story of how George Washington Alexander Hamilton John Adams and Thomas Jefferson came to despair for the future of the nation they had created Americans seldom deify their Founding Fathers any longer but they do still tend to venerate the Constitution and the republican government that the founders created Strikingly the founders themselves were far less confident in what they had wrought particularly by the end of their lives In fact most of them including George Washington Alexander Hamilton John Adams and Thomas Jefferson came to deem America's constitutional experiment an utter failure that was unlikely to last beyond their own generation Fears of a Setting Sun is the first book to tell the fascinating and too little known story of the founders' disillusionment As Dennis Rasmussen shows the founders' pessimism had a variety of sources Washington lost his faith in America's political system above all because of the rise of partisanship Hamilton because he felt that the federal government was too weak Adams because he believed that the people lacked civic virtue and Jefferson because of sectional divisions laid bare by the spread of slavery The one major founder who retained his faith in America's constitutional order to the end was James Madison and the book also explores why he remained relatively optimistic when so many of his compatriots did not As much as Americans today may worry about their country's future Rasmussen reveals the founders faced even graver problems and harbored even deeper misgivings A vividly written account of a chapter of American history that has received too little attention Fears of a Setting Sun will change the way that you look at the American founding the Constitution and indeed the United States itself Just Left of the Setting Sun Julian Aguon, 2006 Just Left of the Setting Sun is a collection of non-fiction essays by a young Chamoru scholar activist from the island of Guam These essays reflect the present-day reality of the indigenous people of the island of Guam This book is framed in the context of an island that exists amidst the many conflicts and contradictions of being freed from colonialism by another colonial power in 1898 and liberated from wartime aggression by a country that put in under a Naval Administration

until the 1960s and who worked to eliminate the culture of the local people through forced assimilation and nominal citizenship. It is written to articulate the reality of the Chamoru people of Guam as an indigenous Pacific Island culture, an American minority group, and an island people threatened by the encroachment of globalization into their lives. These essays will cause the reader to think critically on the subjects of globalization, sustainable development, sustainable governance, cultural reclamation, and self-determination on Guam amongst the indigenous and colonized peoples in the world. Question the value of democracy if it is involuntarily imposed on a people. This book is especially relevant for the present state of the world. Just Left is included in an academic series that we publish: The 1898 Consciousness Studies Series. This series is a varied collection of essays on consciousness today in areas affected by the Spanish American War and consequent possession by the U.S. These include The Philippines, Guam, Puerto Rico, and Cuba. Praise for Just Left of the Setting Sun: Fierce and compassionate, bold and resolute. Just Left of the Setting Sun is at once a coming into consciousness as it is a conch shell, blare for action by and for a new generation of Chamorros, the indigenous people of an island and archipelago long colonized by Spain, Japan, and the United States of America. As critical towards fellow Chamorros who aid and abet the colonizer as he is of the colonizers themselves, Aguon also importantly situates the need for Native Struggles for Political and Cultural Self-Determination and Sovereignty within Feminist, Womanist critiques, and global struggles for economic, social, and environmental justice, thereby providing a glimpse into the possibilities for local struggle informed and articulated to global movements beyond pan-indigenous movements per se and for keeping global movements and political theory grounded in Indigenous traditions. Vicente M. Diaz, Associate Professor of American Culture, University of Michigan, Ann Arbor. Aguon introduces us to the principles of international law as a guiding framework to the resolution of the dilemma brought about by the present non-self-governing arrangements which provide the trappings of democratic governance but in reality are rather democratically deficient by any objective examination. Indeed, an important component of new millennium colonialism is the existence, but not the recognition, of this democratic deficit. Just Left of the Setting Sun should be required reading for the people in the remaining territories, young and old, who need to discover, re-discover the fire within that they might further move the process forward, if only by a few steps further along the continuum. In a very real sense, as Aguon observes, inside the heart of the Chamoru is still an ocean of latent potentialities waiting to surge. Dr. Carlyle Corbin, Advisor on Governance and Political Development, St. Croix, Virgin Islands.

German and English, Felix Flügel, 1891 **NASA Technical Note**, 1963 The Browning Society's Papers, Browning Society (London, England), 1885 Toward the Setting Sun, Alfred R. Jr. Pierotti, Jr. Pierotti, 2007-07. Deep in East Texas, the O'Shea family discovers the true meaning of fear, love, and acceptance while searching for a parcel of land to call their own. The land is hostile and begrudging and only accepts those who have earned the right to stay. As they trudge west, the O'Sheas are asked to pay a price beyond imagination in pursuit of their illusive quest. Angels, ghosts, and haunting dreams of the past intertwine their family's lives as they deal with their yesterdays.
