Spies Who Changed History Nigel West, 2022-10-07 Spies have made an extraordinary impact on the history of the 20th Century but fourteen in particular can be said to have been demonstrably important As one might expect few are household names and it is only with the benefit of recently declassified files that we can now fully appreciate the nature of their contribution The criteria for selection have been the degree to which each can now be seen to have had a very definite influence on a specific course of events either directly by passing vital classified material or indirectly by organizing or managing a group of spies Those selected were active in the First World War the inter war period the Second World War the Cold War and even the post Cold War era These include Walther Dew who formed a spy ring in German occupied Belgium during the First World War This train watching network known as White Lady reported on German troop deployments and

possible weaknesses in the German defences Extending its operations into northern France the ring provided 75 per cent of the information received by GHQ British Expeditionary Force By the time of the Armistice in 1918 Dew s group had a staggering 1 300 members Olga Gray the 27 year old daughter of a Daily Mail journalist was employed as a secretary by the Communist Party of Great Britain In 1931 she undertook a mission for MI5 to penetrate the organization and discover its secret channel of communication with Moscow Gray learned that the Party s cipher was based on Treasure Island and this breakthrough enabled the Party s messages to be read by Whitehall cryptographers Renato Levi an Italian playboy was the longest serving British agent of the Second World War and is credited with creating the concept of strategic deception While operating in Cairo as a double agent working for the Abwehr and the British he was instrumental in misleading the Axis about Allied strength across the Middle East and helped Montgomery achieve his victory over Rommel s Afrika Korps at El Alamein So successful was Levi in this and other deceptions he was employed to persuade the Germans that the D Day landings in Normandy were a diversionary feint in anticipation of an invasion in the Pas de Calais These and other surprising stories are revealed in this fascinating insight into a secret world inhabited by mysterious and shadowy characters all of whom though larger than life really did exist *The Guinness Book of Espionage* Mark Lloyd,1994 En gennemgang af spionagens historie fra de gamle gyptere til idag med s rlig v gt p 2 verdenskrig og tiden derefter Med appendix om de stor landes efterretningsv sener The Third Secret Nigel West,2000 This text is the inside story of how the CIA combined with the Vatican under the Polish Pope John Paul II to launch a massive campaign to destabilise Warsaw and how the KGB reacted by trying to kill the Pope in 1981 The rise of the Solidarity movement in Poland in the 1980s which began the undermining of the Soviet Bloc and the defeat of international communism was essentially funded by the CIA covertly through the Vatican
