Seven Contemporary Short Novels:

SEVEN ICELANDIC SHORT STORIES Authors Various, 2010-04 Of the seven Icelandic short stories which appear here the first was probably written early in the thirteenth century while the rest all date from the early twentieth century Since the 12th C the Icelandic people have continued to tell stories and to compose poems with the greyness of commonplace existence made more bearable when listening to tales of the heroic deeds and sagas of the past In those past evenings the living room baostofa built of turf and stone became a little more cheerful and hunger was forgotten while a member of the household read or sang about far away knights and heroes and the banquets they gave in splendid halls In their imagination people thus tended to make their environment seem larger and better than life as did Hrolfur with his fishing boat in the story When I was on the Frigate So take some time out and travel back to a period before television and radio a time when tales were passed on orally when families would gather around a crackling and spitting hearth and a family member would delight and captivate the gathering with stories passed on to them from their parents and grandparents and from time immemorial The Norsemen who colonized Iceland in the last quarter of the ninth century brought with them the language then spoken throughout all of Scandinavia This ancestor of the modern Scandinavian tongues has been preserved in Iceland with the oldest preserved Icelandic prose written almost 1000 years ago Limited communications between Iceland and other countries frequent migrations inside the island and not least important a long and uninterrupted literary tradition has meant the Icelandic language has not developed any dialects in the ordinary sense 33% of the net profit from the sale of this book will be donated to charities schools and special causes Seven Contemporary Short Novels Charles Clerc, Louis H.

Leiter, 1979 The Medusa Gaze in Contemporary Women's Fiction Gillian M. E. Alban, 2017-08-21 The Medusa Gaze offers striking insights into the desires and frustrations of women through the narratives of the impressive contemporary novelists Angela Carter Toni Morrison Sylvia Plath Margaret Atwood A S Byatt Iris Murdoch Jeanette Winterson Jean Rhys and Michèle Roberts It illuminates women's power and vulnerability as they construct their own egos in opposition to their hostile alter egos or others facing them in their mirrors and fixes a panoptic gaze on the women stalking its pages as they learn how to deflect the menacing gaze of others by returning their look defiantly back at them Some stare back and win assurance others are stared down reduced to psychic trauma madness and even suicide The book shows how Freud's Sartre's and Lacan's androcentric views define the Medusa in other as monstrous and how the efforts of mothers to nurture may be slighted as inadequate or devouring It presents Medusa and other goddess figures as inspirational repelling harm through the evil eye of their powerful gaze Conversely it also shows women who are condemned as monstrous Gorgons trapped in enmity rivalry and rage Representing English American and African American Canadian and Caribbean writing the works explored here include realistic social narrative and magical realist writings in addition to tales of the past and dystopian narratives **Popular**
