# 7 DEADLY SINS

also called seven capital sins or seven cardinal sins.  
In Roman Catholic theology, these are the seven vices  
that spur other sins and further immoral behaviour.  
They were first enumerated by Pope Gregory I  
(the Great) in the 6th century and elaborated in  
the 13th century by St. Thomas Aquinas.

## Seven Sins:

*Seven Deadly Sins* Anne Maguire, 2004 In this book Anne Maguire examines the psychoanalytic relevance of evil Using case studies and examples she examines how sin may find calamitous expression and the consequences which can flow from its covert pre existence Pride anger jealousy sloth lust avarice and gluttony are as old as mankind itself However in the sense in which they were originally understood interest in the seven sins has withered with the elapse of time Today ideas about sin and evil as taught by the theologians of the early church seem dated and alien However when thought of as psychic representations of the dark side of human nature as C G Jung defined it the Seven Deadly Sins acquire relevant new meaning

*A Dictionary of Biblical Tradition in English Literature* David Lyle Jeffrey, 1992 Over 15 years in the making an unprecedented one volume reference work Many of today s students and teachers of literature lacking a familiarity with the Bible are largely ignorant of how Biblical tradition has influenced and infused English literature through the centuries An invaluable research tool Contains nearly 800 encyclopedic articles written by a distinguished international roster of 190 contributors Three detailed annotated bibliographies Cross references throughout
