The Logic of International Relations Walter S. Jones, Steven J. Rosen, 1982 Beginning with the premise that international relations must be approached from a multinational perspective this text introduces students to the idea that transactions between nations are behavioral rather than structural Building on this perceptual analysis approach the text discusses how the political consciousness of key nations influences international events public opinion and policy choices

People, 1979 **Reality**, 1981 **The Bystander** Petruska Clarkson, 1996 A bystander is someone who does not become involved when someone else needs help This book investigates the meaning of bystanding behaviour in ordinary life as well as in counselling psychology and psychotherapeutic practice its supervision and organization It is about helping and not helping giving and getting help and some ways of thinking and acting in our increasingly complex moral world Bystanding is seen as a major way in which people disempower themselves and others It works at the juncture of the individual and the collective the person and the group the citizen and the state the patient and the psychotherapist This book provides an exploration of the psychological and social costs of convenience neutrality non involvement or avoidance of responsibility and gives some guidelines on dealing with the difficult issues of bystanding in ourselves and others **Law**
