the Iranian State Staci Gem Scheiwiller, 2014-11-01 This book discusses what it means to perform the State what this action means in relation to the country of Iran and how these various performances are represented The concept of the State as a modern phenomenon has had a powerful impact on the formation of the individual and collective as well as on determining how political entities are perceived in their interactions with one another in the current global arena **Camera Orientalis** Ali Behdad, 2016-08-12 From the time of its invention in 1839 photography had a crucial link to the Middle East When Daguerre's invention was introduced it was immediately hailed as a boon to Egyptologists and Orientalists wanting to document their archeological findings The Middle East also beckoned European experimenters in this new medium for a simple technological reason early photographs were more quickly and easily made in the intense light of the desert than in gloomy Paris or London In *Camera Orientalis* Ali Behdad examines the cultural and political implications of the emergence of photography in the Middle East He shows that the camera proved useful to Orientalism but so too was Orientalism useful to photographers because it gave them a set of conventions by which to frame these exotic cultures in images for Western audiences Behdad breaks with standard postcolonial approaches by showing that Orientalist photography was the product of contacts between the West and the East Indeed local photographers participated enthusiastically in exoticist representations of the region adapting Orientalism to the taste of the local elite Orientalist photography we learn was not a one way street but rather the product of ideas and conventions that circulated between the West and the East **Der Körper der Photographie** Haus der Kunst München, 2005 In einem ausführlichen Vorwort stellt der Herausgeber die Auswahl aus der Kollektion von 300000 Bildern in einen thematischen Zusammenhang montiert die Entstehungsgeschichte der Fotografie in ihren historischen Kontext das 19.
