T: The Story of Testosterone, the Hormone that Dominates and Divides Us Carole Hooven,2021-07-13 Through riveting personal stories and the latest research Harvard evolutionary biologist Carole Hooven shows how testosterone drives the behavior of the sexes apart and how understanding the science behind this hormone is empowering for all Since antiquity from the eunuchs in the royal courts of ancient China to the booming market for elixirs of youth in nineteenth century Europe humans have understood that typically masculine behavior depends on testicles the main source of testosterone in males Which sex has the highest rates of physical violence hunger for status and desire for a high number of sex partners Just follow the testosterone Although we humans can study and reflect on our own behavior we are also animals the products of millions of years of evolution Fascinating research on creatures from chimpanzees to spiny lizards shows how high testosterone helps males out reproduce their competitors And men are no exception While most people agree that sex differences in human behavior exist they disagree about the reasons But the science is clear testosterone is a potent force in human society driving the bodies and behavior of the sexes apart But as Hooven shows in T it does so in concert with genes and culture to produce a vast variety of male and female behavior And crucially the fact that many sex differences are grounded in biology provides no support for restrictive gender norms or patriarchal values In understanding testosterone we better understand ourselves and one another and how we

might build a fairer safer society *5 Conversations You Must Have with Your Son, Revised and Expanded Edition* Vicki Courtney, 2019-03-01 From boyhood to manhood award winning author and youth culture commentator Vicki Courtney helps parents navigate the most important topics related to raising sons **Bowker's Guide to Characters in Fiction 2007**, 2008-02 **Gender Through the Prism of Difference** Maxine Baca Zinn, Pierrette Hondagneu-Sotelo, Michael A.
