Turner,2015-10-12 What is the Christian view of sex What about God s view Are you surprised to know that the two might not line up Stepping away from religious tradition Sex in the Bible compares scripture to scripture to find out exactly what God has to say about human sexuality and what it reveals may shock you Providing a technical and thorough explanation of his findings author Evan P Turner begins his in depth study by clearly defining what sin is according to the Bible so as to make evident what is not sin Is masturbation wrong What does God think of divorce Is it okay for single people to have sex Navigating these controversial questions along with many more the author points out key words and explains the significance of certain Hebrew and Greek terms to further elucidate what the Bible actually says about any given topic Though there are certainly forbidden acts you will begin to see that God actually offers a surprising amount of freedom when it comes to sex Discover the life giving truth about sex in this revolutionary study of the Bible

Sex and the Single Savior Dale B. Martin,2006-01-01 Probing into numerous questions about gender and sexuality Dale Martin delves into the biblical texts anew and unearths surprising findings Avoiding preconceptions about ancient sexuality he explores the ethics of desire and marriage and pays careful attention to the original meanings of words especially those used as evidence of Paul s opposition to homosexuality For example after a remarkably faithful reading of the scriptural texts Martin concludes that our contemporary obsession with marriage and the whole search for the right sexual relationships is antithetical to the message of the gospel In all of these essays however Martin argues for engaging Scripture in a way that goes beyond the standard historical critical questions and the assumptions of textual agency in order to find a faith that has no foundations other than Jesus Christ

Dirt, Greed and Sex William Countryman,2013-01-25 Conducting a thorough examination of sexual ethics in the New Testament this work argues that the New Testament writers did not construct a new sexual ethic from the ground up but took over existing cultural patterns and refocused them pushing some elements from the centre to the periphery This suggests a pattern of ethics for contemporary life Discussing biblical notions of purity and property which dominate ethical ideas in the New

Testament the author characterizes sex as one of the rich blessings of creation to be received with delight and thanksgiving Countryman's generous and eirenic views on sexual matters based as they are on solid biblical research are a welcome intervention in an area which unfortunately in Christian circles tends still to be dominated by conservatism and misinformation rather than by liberal principle
