Reports of the Censoship of Publications Board and of the Censorship of Publications Appeal Board Ireland. Censorship Board,1960 **Profit and Passion** Nicole von Germeten,2018-04-06

Colonial documents and works of literature from early modern Spain are rife with references to public women whores and prostitutes In Profit and Passion Nicole von Germeten offers a new history of the women who carried and resisted these labels of ill repute The elusive ever changing terminology for prosecuted women voiced by kings jurists magistrates inquisitors and bishops as well as disgruntled husbands and neighbors foreshadows the increasing regulation criminalization and polarizing politics of modern global transactional sex The author s analysis concentrates on the words women spoke in depositions and court appearances and on how their language changed over time pointing to a broader transformation in the history of sexuality gender and the ways in which courts and law enforcement processes affected women **The South and the Caribbean** , The first comprehensive study of the close ties between the American South and the Caribbean With essays and commentaries by Roger D Abrahams Kenneth Bilby David Eltis Stanley L Engerman Aline Helg Milton Jamail Charles Joyner Daniel C Littlefield Bonham C Richardson and Ralph Lee Woodward Jr Download Plain Text version With the trade of sugar rum and African slaves in the islands that form a perimeter around the Gulf of Mexico the broad expanse of water known as the Caribbean ringed what came to be known as the South Today concise political boundaries separate the coasts of the American South from the multicultural worlds that dominate the islands Yet all anecdotal evidence suggests far greater ties One listens to the reggae in the streets of New Orleans or to the rumba in Atlanta One notes the moans of the blues in the cafes of Veracruz and watches Major League games in which young Dominican athletes hurling lightning fast

balls become national heroes on their island homeland beset by political and economic woes Do these human links suggest a greater regionalism than was previously acknowledged This exciting study of two discrete yet kindred areas gives an affirmative answer It comes to terms with what many have considered distinct yet fluctuating boundaries that separate and bond southern peoples These papers from the Chancellor s Symposium at the University of Mississippi in 1998 focus on and examine the strong connections Geographer Bonham C Richardson analyzes the territory as a cultural region with Little Rock at the northwest corner and French Guiana at the southeast that also includes the eastern rim of Central America as well as the Bahamas Other contributors explore the creative cultures that emerged when a brutal European economy enslaved Africans for labor The essays also examine the economic connections that have created such dissimilar and lasting legacies as the plantation system and the love of baseball The South and the Caribbean flow into each other culturally economically and socially These papers and their commentaries suggest that future study of these regions must deal with them together in order to understand each The merging of the two through music dance language sports and political aspiration all discussed in this book serves to give birth to a New South and a New Caribbean At the University of Mississippi Douglass Sullivan Gonzalez is an associate professor of history and Charles Reagan Wilson is the director of the Center for the Study of Southern Culture

The World Muslim Population Houssain Kettani,2019-11-08 The birth of Islam over fourteen centuries ago was a monumental event in human history with an everlasting effect on humanity For centuries researchers have contemplated the growth and distribution of Muslims throughout the world This book presents a reliable estimate of the world Muslim population since the inception of Islam at the start of the seventh century to the end of the twenty first century In this book the world is divided into five continents each of which is further divided into non overlapping regions and these in turn are divided into current countries A centennial data estimate for each region and current country from 600 AD to 2100 AD approximately 1 H to 1500 H of the total population and the corresponding Muslim population and its percentage are provided Furthermore the same data in decennial order from 1790 to 2100 or 1210 H to 1520 H are provided for each region and country These data are summarized to be an accurate reference for other studies and discussions related to the Muslim population Written for demographers researchers historians as well as general readers this book is an essential reference to all aspects of the world Muslim population
