Sex Roles In Contemporary American Communes:

The 60s Communes Timothy Miller, 1999-12-01 The greatest wave of communal living in American history crested in the tumultuous 1960s era including the early 1970s To the fascination and amusement of more decorous citizens hundreds of thousands of mostly young dreamers set out to build a new culture apart from the established society Widely believed by the larger public to be sinks of drug ridden sexual immorality the communes both intrigued and repelled the American people The intentional communities of the 1960s era were far more diverse than the stereotype of the hippie commune would suggest A great many of them were religious in basis stressing spiritual seeking and disciplined lifestyles Others were founded on secular visions of a better society Hundreds of them became so stable that they survive today This book surveys the broad sweep of this great social yearning from the first portents of a new type of communitarianism in the early 1960s through the waning of the movement in the mid 1970s Based on more than five hundred interviews conducted for the 60s Communes Project among other sources it preserves a colorful and vigorous episode in American history The book includes an extensive directory of active and non active communes complete with dates of origin and dissolution

Sex Roles in Contemporary American Communes Jon Wagner, 1982 *Families and Communes* William Smith, 1999-08-27 What is life like in contemporary American communes How do families fit into communal life What are communal families and what impact do families have on how communes are run and how they develop As the only contemporary exploration of communal families this book investigates the assumptions that scholars and others have made regarding the status of the family within communes and debunks current myths about communes and communal families While some groups are predisposed to families other communal groups become replacements or substitutes for the nuclear family William L Smith investigates a variety of practices including monogamy polygamy pantagamy and celibacy as implemented by intentional communities in dealing with family life Drawing on the history of communes in the United States Smith discusses various communal groups such as the Shakers the Mormons the Oneida Community the Amana Colonies as well as contemporary rural and urban communal groups such as Twin Oaks Jesus People USA and the Hutterites *Families and Communes* provides students and researchers with an intriguing study of a unique social group that is often overlooked

Communal Utopias and the American Experience Robert P. Sutton, 2004-02-28 This important study begins with America's first secular utopia at New Harmony in 1824 and traces successive utopian experiments in the United States through the following centuries For the first time readers will come to realize that American communalism is not a disjointed erratic almost ephemeral part of our past but has been an on going essential part of American history We have a communal utopian motif that sets the history of the United States apart from any other nation The utopian communal story is just one other dimension of the Puritan concept that America was a city upon a hill a beacon light to all the world where the perfect society could be built and could flourish After discussing New Harmony and other Owenite communities the author examines nine Fourierist utopias that were built

before the Civil War Next he analyzes the five Icarian colonies that collectively were the longest lived non religious communal experiments in American history Then discussion moves to the seven Gilded Age socialist cooperatives followed by the utopian communities created during President Franklin D Roosevelt s New Deal Finally Sutton turns to the hippie colonies and intentional communities of the last half of the 20th century New Religions and Spiritualities Stephen Hunt,2017-03-02 Since the 1960s a fresh wave of new religions and what has come to be termed spiritualities have been evident on a global scale This volume in The Library of Essays on Sexuality and Religion focuses on these new religions and their often contentious attitudes towards human sexuality Part 1 through previously published articles provides instances of affirming orientations of the new religions towards sexuality This entails scrutinising examples of innovative religion from a historical perspective as well as those of a more contemporary nature Part 2 examines with pertinent illustrations the controversial character of new religions in their cultist forms and matters of sexual control and abuse Part 3 considers sexuality as articulated through paganism the occult and esotericism in the postmodern setting Part 4 examines both hetero and non hetero expressions of sexuality through the so called New Spiritualities Quasi religions and the more hidden forms of religiosity **Daughters of Aquarius** Gretchen Lemke-Santangelo,2009 The first book to focus specifically on the women of the counterculture movement reveals how hippie women launched a subtle rebellion by by rejecting their mothers suburban domesticity in favor of their grandmothers agrarian ideals which assigned greater value to women s contributions **Zeitschrift für Fantastikforschung. 1/2012** , American Communes, 1860-1960 Timothy Miller,1990 **The Manuscript Inventories and the Catalogs of Manuscripts, Books, and Periodicals: Book catalog, Pio-State** L Arthur and Elizabeth Schlesinger Library on the History of Women in America,1984 *National Union Catalog, 1982 ,1983 Sociological Abstracts* ,1994 *Contemporary Utopian Struggles* Saskia Poldervaart,Harrie Jansen,Beatrice Kesler,2001 This book contains a selected number of papers presented at the Sixth International Communal Studies Association ICSA Conference that was held in Amsterdam from 7 to 9 July 1998 under the title of Utopian Communities and Sustainability Papers not selected are available for inspection at the IISG International Institute for Social History which has also published A Working Guide to Sources on Historical Utopian Experiments in the Western World at the Internationaal Instituut voor Sociale Geschiedenis see also www.iisg.nl/commun Acknowledgments **Subject Catalog, 1982** Library of Congress,1982 *National Union Catalog ,1982* Includes entries for maps and atlases **Bibliographic Guide to Government Publications** New York Public Library. Research Libraries,1984 **The Journal of Social, Political and Economic Studies** ,1982 **Masculinity and Femininity** María Ragúz de Romaña,María Ragúz,1991 Utopian Studies ,1994 **Manhood in the Age of Aquarius** Tim Hodgdon,2008 Manhood in the Age of Aquarius investigates how a deep commitment to the belief in the naturalness of masculinity shaped the efforts of American hippies to create economic social political institutional religious and environmental alternatives to their received culture during the 1960s and 1970s Their

efforts to create such alternatives informed the creation of a range of new forms of masculinity Timothy Hodgdon compares two sharply contrasting hip communities The Farm and the Diggers later known as the Free Families The Farmies argued that industrial progress had encouraged a dangerous hypermasculinity in men and a corresponding devaluation of women's fertility and capacity for maternal nurture Only through veneration of women's beautiful yin could humankind return to the path of enlightenment charted by Buddha Jesus and other sages and men were to cultivate a knightly masculinity of egoless service to women within lifelong monogamous marriages The anarchist Diggers reached the opposite conclusion that progress had effeminized the organization man while brutalizing the respectable working class men who served his interests as wage worker policeman and soldier The Diggers sought to uproot the alienating status hierarchy mandated by private property Their theater of the streets valorized the manliness of the outlaw the Native American warrior the Black Panther the bohemian artist and the Chinese tong member who forcefully defended his freedom from the depredations of unjust authority while practicing the communistic sharing of wealth that they believed was a mark of honor among those slandered as thieves Thus Hodgdon argues the Farmies and the Diggers occupied widely separated positions on a continuum of countercultural manhood Their divergent criticisms demonstrate that the shift from producerist to consumerist conceptions of manliness was still by no means complete at mid century Furthermore hippies' unabashed commitment to masculinity as a natural trait rather than a political and social construct shows how even these incisive and at times impish critics of American culture stood utterly unprepared for the emergence of radical feminism in 1967 and 1968

Subject Catalog Library of Congress, 1982

Reviewing **Sex Roles In Contemporary American Communes**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing.
