Sex A Philosophical Primer A Philosophical Primer:

Sex Irving Singer, 2004 In the first edition of *Sex A Philosophical Primer* Singer offered a new conception of sex locating it within a spectrum that also includes love and compassion He suggested that this conception improves upon the work of theorists who tend to relegate sex love and compassion to separate and distinct compartments Singer further argues that sex in human beings is normally perhaps always in some degree a composite of the appetitive and the interpersonal a view that becomes the basis for his later remarks about the relative value of individual sex acts as well as their place within the aesthetic and moral dimensions of human nature In the present expanded edition Singer supplements the 2001 chapters with a timely and stimulating essay that focuses upon marriage particularly same sex marriage Singer maintains that questions about sex are fundamental in all thinking about the marital condition and addresses the problem of same sex legitimization and rights to material benefits by analyzing the nature of marriage union and family in their relation to sexuality and love For first time and seasoned readers alike Singer's lucid new reflections will clarify current and emerging issues in the philosophy of sex Irving Singer is professor of philosophy at Massachusetts Institute of Technology and the author of many books among them *Explorations in Love and Sex Feeling and Imagination* and his trilogies *Meaning in Life* and *The Nature of Love* *The Philosophy of Sex* Raja Halwani, Jacob M. Held, Natasha McKeever, Alan Soble, 2022-02-28 With twenty five essays seven of which are new to the eighth edition this best selling volume examines the nature morality and social meanings of contemporary sexual phenomena Topics include sexual desire and activity masturbation Sexual orientation asexuality transgender issues Zoophilia rape casual sex and promiscuity love and sex polyamory sexual consent sexual perversion sexual ethics objectification BDSM sex and technology sex and race and sex work Updated and new discussion questions offer students starting points for debate in both the classroom and the bedroom **Ingmar Bergman, Cinematic**

Philosopher Irving Singer, 2009-09-18 The development of themes motifs and techniques in Bergman's films from the first intimations in the early work to the consummate resolutions in the final movies Known for their repeating motifs and signature tropes the films of Ingmar Bergman also contain extensive variation and development In these reflections on Bergman's artistry and thought Irving Singer discerns distinctive themes in Bergman's filmmaking from first intimations in the early work to consummate resolutions in the later movies Singer demonstrates that while Bergman's output is not philosophy on celluloid it attains an expressive and purely aesthetic truthfulness that can be considered philosophical in a broader sense Through analysis of both narrative and filmic effects Singer probes Bergman's mythmaking and his reliance upon the magic inherent in his cinematic techniques Singer traces throughout the evolution of Bergman's ideas about life and death and about the possibility of happiness and interpersonal love In the overtly self referential films that he wrote or directed *The Best Intentions* *Fanny and Alexander* *Sunday's Children* as well as the less obviously autobiographical ones including *Wild Strawberries* *The Seventh Seal* and the triad that begins with *Through a Glass Darkly* Bergman investigates

problems in his existence and frequently reverts to childhood memories In such movies as *Smiles of a Summer Night* *Scenes from a Marriage* and *Saraband* Bergman draws upon his mature experience and depicts the troubled relationships between men who are often weak and women who are made to suffer by the damaged men with whom they live In *Persona* *Cries and Whispers* and other works his experiments with the camera are uniquely masterful Inspecting the panorama of Bergman's art Singer shows how the endless search for human contact motivates the content of his films and reflects Bergman's profound perspective on the world

Philosophy of Love Irving Singer, 2011-01-07 The author of the classic philosophical treatment of love reflects on the trajectory over decades of his thoughts on love and other topics In 1984 Irving Singer published the first volume of what would become a classic and much acclaimed trilogy on love Trained as an analytical philosopher Singer first approached his subject with the tools of current philosophical methodology Dissatisfied by the initial results finding the chapters he had written just dreary and unproductive of anything he turned to the history of ideas in philosophy and the arts for inspiration He discovered an immensity of speculation and artistic practice that reached wholly beyond the parameters he had been trained to consider truly philosophical In his three volume work *The Nature of Love* Singer tried to make sense of this historical progression within a framework that reflected his precise distinction making and analytical background In this new book he maps the trajectory of his thinking on love It is a partial summing up of a lifework partial because it expresses the author's still unfolding views because it is a recapitulation of many published pages because love like any subject of that magnitude resists a neatly comprehensive all inclusive formulation Adopting an informal even conversational tone Singer discusses among other topics the history of romantic love the Platonic ideal courtly and nineteenth century Romantic love the nature of passion the concept of merging and his critique of it ideas about love in Freud Schopenhauer Nietzsche Dewey Santayana Sartre and other writers and love in relation to democracy existentialism creativity and the possible future of scientific investigation Singer's writing on love embodies what he has learned as a contemporary philosopher studying other authors in the field and trying to get a little further This book continues his trailblazing explorations

Philosophy of Love, Sex, and Marriage Raja Halwani, 2018-01-29 How is love different from lust or infatuation Do love and marriage really go together like a horse and carriage Does sex have any necessary connection to either And how important are love sex and marriage to a well lived life In the Second Edition of this lively lucid and comprehensive book Raja Halwani explores and elucidates the nature uses and ethics of romantic love sexuality and marriage It is structured in three parts Love examines the nature of romantic love and how it differs from other types of love such as friendship and parental love It also investigates the relationship of love to morality and asks what limits morality puts on romantic love and even whether romantic love is inherently moral Sex demonstrates the difficulty in defining sex and the sexual and examines what constitutes good and bad sex in terms of pleasure naturalness and moral permissibility It discusses the nature of sexual desire and its connection to objectification and virtue all the while looking at specific sexual engagements such as

pornography BDSM and racial desires Marriage traces the history of the institution and describes the various forms in which marriage exists and the reasons why people marry It also investigates the necessity of marriage and ways in which it requires reform Updates and Revisions in the Second Edition Expands the coverage of love and morality from one to two chapters incorporating much of the recent literature on love as a moral emotion Includes a new chapter on sex and virtue ethics Ends each of the chapters on sex with an applied topic such as pornography BDSM prostitution racial sexual desires and adultery Increases coverage of the nature and purpose of marriage including debates surrounding same sex marriage but also moving beyond these debates to include issues on minimal marriage temporary marriage polygamy and other forms of marriage Updates the Further Reading and Study Questions sections at the end of each chapter and provides an up to date comprehensive bibliography at the back of the book Includes new discussions of topics on the nature of love love and reasons distinctions between two types of romantic love love and its connections to moral theories definitions of crucial sexual concepts objectification virtue and sex racial sexual desires and the definition of marriage and whether it is important as an institution

Philosophy of Sex Alan Soble, Nicholas Power, 2007-07-19 For three decades Alan Soble has supplied the authoritative roadmap for students and faculty who study the subject of sex In this new fifth edition of *The Philosophy of Sex* Soble and co editor Nicholas Power have collected thirty contemporary essays that explore philosophically conceptually and theologically the nature social meanings and morality of contemporary sexual phenomena Contributors address myriad topics including cybersex and the Internet masturbation contraception sexual perversion gay and lesbian sexuality same sex marriage casual sex and promiscuity pedophilia rape and date rape sexual use and objectification sexual relationships between teachers and students pornography and prostitution NEW to this edition Each of the thirty essays is preceded by an informative introduction written by the two editors and each essay is followed by a set of provocative study questions developed by the editors to stimulate critical thinking about sexuality Contributing authors some of whom were commissioned for this new edition include Martha Nussbaum Thomas Nagel Alan Goldman John Finnis Sallie Tisdale Jerome Neu Robin West Louise Collins Alan Wertheimer Greta Christina John Corvino Cheshire Calhoun Raja Halwani Yolanda Estes and others The editors provide a comprehensive bibliography of over 700 philosophical and general readings in sexuality Intended in part as a textbook for use in university courses in the philosophy of sex gender and ethics the book is also a valuable resource for researchers in sexuality and a reader friendly introduction to puzzles about sexuality for anyone who enjoys exploring this ubiquitous human experience
