Sex Art And American Culture:

Sex, Art, and American Culture Camille Paglia, 2011-08-31 A collection of twenty of Paglia's outspoken essays on contemporary issues in America's ongoing cultural debate such as Anita Hill Robert Mapplethorpe the beauty myth and the decline of education in America *Selections from Sex, Art, and American Culture* Camille Paglia, 1990 *Sexual Harassment* Linda LeMoncheck, Mane Hajdin, 2000-01-01 The question of what constitutes sexual harassment from suggestive remarks to outright threats from off color jokes to lewd posters on office walls is contentious as is the question of how to address sexual harassment Do all instances of sexual harassment constitute sex discrimination Are some instances merely sexual attraction gone wrong Do social policies aimed at eliminating sexual harassment in the workplace violate freedom of expression or do they make working relationships possible between women and men In this uncompromising yet respectful debate two philosophers of widely divergent views present clear arguments and then respond directly to each other's reasoning LeMoncheck argues for a feminist perspective on sexual harassment that is sensitive to the politics of gender Hajdin contends that this perspective is both morally confusing and legally problematic and that sexual harassment can be better addressed by traditional moral and legal categories **Feminism in Practice** Karen A. Foss, Sonja K. Foss, Alena Amato Ruggerio, 2021-09-23 *Feminism in Practice* uses feminism as a blueprint for exploring change strategies It features twenty contemporary feminists from diverse arenas including activists comedians musicians politicians poets and showrunners The women come to life through line drawings brief biographies extensive quotations their definitions of feminism and the change strategies they employ Questions for reflection encourage readers to think through their own relationship to feminism and change Chapter 1 defines feminism raising issues with the typical definition of feminism as the effort to achieve equality between women and men It concludes with a description of over twenty types of feminism Chapter 2 describes the triggering events happening places and key ideas of the four waves of feminism The opening chapters provide a comprehensive understanding of the diversity and complexity of feminist movement The book is organized around five primary objectives that animate contemporary change efforts proclaiming identity naming a problem enriching a system changing a system and creating an alternative system Each objective is developed through theoretical assumptions and twelve change strategies that show it at work in feminist movement *Feminism in Practice* also serves as a practical handbook that readers can use to experiment with the strategies and expand their toolkits for creating change in their lives and worlds The authors are uniquely qualified to explore issues of feminism and change Karen Foss and Sonja Foss are second wave feminists who have written extensively on alternative change strategies feminist communication and feminist theory Alena Ruggerio brings to the project the standpoint of a third wave feminist at home in pop culture Her scholarship lies at the intersection of rhetoric feminism and religious studies To learn more about *Feminism in Practice* listen to the authors October 2021 interview on The Jefferson Exchange **Sexual Personae** Camille Paglia, 1990-09-10 In this brilliantly

original book Camille Paglia identifies some of the major patterns that have endured in western culture from ancient Egypt and Greece to the present According to Paglia one source of continuity is paganism which undefeated by Judeo Christianity continues to flourish in art eroticism astrology and pop culture Others she says are androgyny sadism and the aggressive western eye which has created our art and cinema Paglia follows these and other themes from Nefertiti and the Venus of Willendorf to Apollo and Dionysus from Botticelli and Michaelangelo to Shakespeare and Blake and finally to Emily Dickinson who along with other major nineteenth century authors becomes a remarkable example of Romanticism turned into Decadence Paglia offers provocative views of literature art history psychology and religion She focuses for example on the amorality voyeurism and pornography in great art that have been ignored or glossed over by most critics She discusses sex and nature as brutal daemonic forces and she criticizes feminists for sentimentality or wishful thinking about the causes of rape violence and poor relations between the sexes She stressed the biologic basis of sex differences and sees the mother as an overwhelming force who condemns men to lifelong sexual anxiety from which they escape through rationalism and physical achievement She examines the culture and style of modern male homosexuals She demonstrates how much of western life art and thought is ruled by personality which she traces through recurrent types or personae such as the female vampire Medusa Lauren Bacall the pythoness the Delphic oracle Gracie Allen the beautiful boy Hadrian's Antinous Dorian Gray the epicene man of beauty Lord Byron Elvis Presley and the male heroine Baudelaire Woody Allen Her book will stimulate and awe readers everywhere

Loose Women, Lecherous Men Linda LeMoncheck, 1997 The author discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women's sexuality and shows how a feminist epistemology and ethic can advance the dialogue in women's sexuality across a broad political spectrum

Performing the Literary Interview John Rodden, 2001-01-01 When authors are interviewed about their books or themselves much more is going on than a simple conversation The interview becomes a performance space for authorial orchestration and self promotion and interviewers in turn respond to such self display and theatrics Featuring absorbing conversations with nine well known authors including poets Richard Howard and Gerald Stern novelist Isabel Allende and scholar intellectual Camille Paglia Performing the Literary Interview is the first in depth look at this type of performance art Interviews with poets fiction writers and intellectuals enable John Rodden to identify a range of rhetorical strategies and their effects and to formulate a typology for appreciating the various roles that interviewers and interviewees assume Traditionalists foreground their work rather than themselves raconteurs are storytellers who skillfully spin anecdotes and creatively showcase their personalities and advertisers more explicitly use the literary interview to promote and sell themselves This pioneering persuasive study stakes a claim to a new area of scholarly inquiry in the humanities The literary interview can no longer be considered only as a voyeuristic window on an author or a celebrity vehicle or even an entertaining diversion but should also be approached as a serious genre meriting scholarly attention and analysis

blends the sacred and profane dimensions of human psychic life Danesi takes the reader on a remarkable exploration of the radical turns in American society a society in which the search for pleasure and sexual expression often reign supreme X Rated is a fascinating trip through what gives pop culture its secret appeal Philosophy Sex Love Alan Soble,1998-04-09 A survey of the analytic and normative approaches taken to the subject by conservatives religion liberals feminists and others Topics addressed include the nature of sexual pleasure sexual desire and sexual activity the relationship between judgments about the psychological biological and social nature of human beings and judgments that certain sexual behaviors or desires are sexually perverted the possibility of constructing principles of sexual ethics the moral and social issues of rape pornography prostitution adultery promiscuity masturbation abortions and contraception and how issues within the philosophy of sex and love look different once gender is taken into account Annotation copyrighted by Book News Inc Portland OR
