Using Literature to Help Troubled Teenagers Cope with Societal Issues Pamela Sissi Carroll, 1999-11-30 Teachers media specialists parents and other adults who work with adolescents must recognize that our society influences who teenagers are and how they develop as language users This unique resource provides guidance to these professionals by pairing literacy specialists with counselors who introduce information about social issues important to today's adolescents These experts then explore literature in which issues such as body image sexuality and leaving home are addressed in ways likely to interest teens By examining fictional characters these experts provide guidance to those working with teenagers so they can encourage adolescents to deal with the conflicts and issues imposed upon them by our society while improving their reading and writing skills Eight important social issues are explored each in a separate chapter While providing in depth exploration of fictional characters grappling with these societal issues each chapter also provides a question and answer section in which specialists answer questions many adults have raised regarding social influences on teenagers Readers are given insight into how they can help teenagers with similar problems and extensive annotated bibliographies recommend appropriate books to get teenagers reading and addressing these problems This collaboration across academic specialties provides an innovative approach to attaining the goal of helping adults and adolescents in gaining a better understanding of each other

Forbidden Fruit : Sex & Religion in the Lives of American Teenagers Mark D. Regnerus Associate Professor of Sociology University of Texas at Austin, 2007-02-05 Americans remain deeply ambivalent about teenage sexuality Many presume that such uneasiness is rooted in religion But how exactly does religion contribute to the formation of teenagers sexual values and actions What difference if any does religion make in adolescents sexual attitudes and behaviors Are abstinence pledges effective What does it mean to be emotionally ready for sex Who expresses regrets about their sexual activity and why Tackling these and other questions *Forbidden Fruit* tells the definitive story of the sexual values and practices of American teenagers paying particular attention to how participating in organized religion shapes sexual decision making Merging analyses of three national surveys with stories drawn from interviews with over 250 teenagers across America Mark Regnerus reviews how young people learn and what they know about sex from their parents schools peers and other sources He examines what

experiences teens profess to have had and how they make sense of these experiences in light of their own identities as religious moral and responsible persons Religion can and does matter Regnerus finds but religious claims are often swamped by other compelling sexual scripts Particularly interesting is the emergence of what Regnerus calls a new middle class sexual morality which has little to do with a desire for virginity but nevertheless shuns intercourse in order to avoid risks associated with pregnancy and STDs And strikingly evangelical teens aren't less sexually active than their non evangelical counterparts they just tend to feel guiltier about it In fact Regnerus finds that few religious teens have internalized or are even able to articulate the sexual ethic taught by their denominations The only and largely ineffective sexual message most religious teens are getting is Don't do it until you're married Ultimately Regnerus concludes religion may influence adolescent sexual behavior but it rarely motivates sexual decision making

Sex Beth Robinson, 2002 Dr Robinson has addressed a real problem with true courage Youth pastors counselors youth workers and parents have turned deaf ears to the hurtful cries of our desperate teens They want to know that caring Christian adults dare to answer their sexual dilemmas directly biblically and through modeled behavior Beth urges teen caregivers to listen but importantly to act on their behalf for the sake of Christ's church
