Sex Life In England:

Sexual Life in England Past and Present Iwan Bloch, 1958 *Sexual Knowledge, Sexual Science* Roy Porter, Mikulas Teich, 1994-09 This volume is about those who have investigated sex from antiquity to the present day *The Mastery of Submission* John K. Noyes, 2018-09-05 Individuals sometimes derive sexual pleasure from submission to cruel discipline While that predilection was noted as early as the sixteenth century masochism was not codified as a concept until 1890 According to John K Noyes its invention reflected a crisis in the liberal understanding of subjectivity and sexuality which continues to inform discussions of masochism today In essence it remains a political concept Viennese physician Richard von Krafft Ebing coined the term masochism based on the work of Leopold von Sacher Masoch Noyes analyzes the social and political problems that inspired the concept suggesting for example that the triumphant expansion of European colonialism was in part animated by an ambivalence in masculine sexuality Noyes documents the evolution of the concept of masochism with scenes in literature from John Cleland s *Fanny Hill* through Sacher Masoch s *Venus in Furs* and Pauline Reage s *Story of O* Analysis of Freud s vastly influential rereading of masochism precedes an exploration of the work of his successors including Wilhem Reich Theodor Reik Helene Deutsch and Karen Horney Noyes suggests that the thematics of feminine masochism emerged only gradually from an exclusively male concept *Sex Life in England* Iwan Bloch, 1934 **Sex and Sex Education: a Bibliography** Flora C. Seruya, Susan Losher, Albert Ellis, 1972 Over 2000 English language references some annotated Classified arrangement Basically covers last 25 years with some older works included for historical perspective Author title and analytical subject indexes *Sex Life in England* Iwan Bloch, 1934 **Sexual Ethics** Robert Michels, 2018-04-24 In his treatment of the issues raised by the movements of women for equal rights a century ago Michels anticipated controversies and conflicts about which people care deeply today He took a clear position in support of the desirability of equality between the sexes In consequence it remains relevant to current debates within feminism over equality and difference and the corresponding challenge to and feminist critique of social science arising from the re emergence of difference feminism Sexual Ethics constitutes both an analysis of the woman problem and a document describing the wars between the sexes during this period and an important and overlooked piece of history of the classic sociological tradition Michels observed that the national and economic conflicts in modern Europe were vast in scale and revealed sharply sensed injustices and also that sex antagonisms are becoming more acute He presented an argument consistent with his theoretical position about the seriousness of women s rights Michels discussions of sexuality sexual morality and the relations of the sexes had as its stimulus the new sexual ethic advocated by feminists He pointed out that true equality required equality of rights to sexual liberty for women or chastity prior to marriage for men Michels supported premarital chastity for men as an ideal but he doubted that very many would practice it Michels was virtually alone in the sociological tradition in seeking to illuminate the struggle for love between men and women by reference to the erotic

coquetry in the sexual behavior of lower animals Despite his stand for equality of men and women in sexual matters a recurrent theme in *Sexual Ethics* is that men are sexually more aggressive than women at least in part due to social structures and cultural traditions Michels advocated family planning but opposed abortion in the interests of marital and family happiness and economic well being especially for the poor In his new introduction Terry R Kandal discusses Robert Michels life He explores among other topics Michels treatment of the woman question and the reactions of Michels contemporaries to the same question He also discusses the feminist critique of social science and the place of Michels in and the gender questions of our times The book will be of particular interest to those interested in the history of relations between men and women as well as those interested in questions of biological determinism *Sex Before the Sexual Revolution* Simon Szreter, Kate Fisher, 2010-10-14 What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s who were often pitied by later generations as repressed unfulfilled and full of moral anxiety This book provides the first rounded first hand account of sexuality in marriage in the early and mid twentieth century These award winning authors look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition Based on vivid compelling and frank testimonies from a socially and geographically diverse range of individuals the book explores a spectrum of sexual experiences from learning about sex and sexual practices in courtship to attitudes to the body marital ideals and birth control It demonstrates that while the era s emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives ***Sex in History*** Gordon Rattray Taylor, 1973 *Curiosities of Love and Sex* John X. Hood, 1953 *Census of England and Wales. (43 & 44 Vict. C. 37.) 1881...* Great Britain. Census Office, 1883 *Das Geschlechtsleben in England* Iwan Bloch, 1903 ***A Private Anthropological Cabinet of 500 Authentic Racial-esoteric Photographs and Illustrations After the Originals from Scientific Explorations, Field Studies and Museum Archives, Portraying Intimate Rites and Customs, Racial Types of Beauty, Phenomena of Childbirth, Freaks, Ethnic Mutilations and Many Other Curiosities of the Erotic Life of Savage and Civilized Races of Mankind***, 1934 ***Sex Life in England*** Iwan Bloch, 2017-04-20 First published in 1934 *Sex Life in England* explores the history and development of sexual behaviour in England throughout history looking at the concept of debauchery famous people and cases sexual perversion in the Arts and much more This volume will appeal to those with an interest in how ideas surrounding sex have changed over the years and it would make for a fantastic addition to collections of allied literature Contents include Debauchers of Court Life Gallant Ladies Famous Rakes Indecent Fashions Sexual Quacks Homosexuality Sadism and Masochism Curious Sexual Instruments Flagellation Sexual Perversions Indecency in the Theatre Music and Immorality Erotic Dancing and Pastimes etc Many vintage books such as this are becoming increasingly scarce and expensive We are republishing this volume now in an affordable modern high quality edition complete with the original text
