

Ultimate Sleep Hacks

Put your phone down 2 hrs before bed. You'll thank us tomorrow, we promise.

Bust out the aromatherapy. And breathe in and out the zen vibes.

Use a weighted blanket. It's like getting tucked in with a giant hug.

Sleeping masks are equal parts fashionable and functionable.

Try a white noise machine or sleep meditation to knock out in an instant.

Turn the TV off. That next episode will be just as good in the morning.

Get in the nighttime flow with some restorative yoga.

Save the intense workouts for earlier in the day. That adrenaline rush won't help you sleep.

Sleep Hacks Best:

Sleep Your Way to Success (How to Sleep Better v2) Leon E. Lewis, 2024-02-25 Sleep Your Way to Success is your ultimate guide to achieving the deep rejuvenating sleep you deserve. Packed with practical tips and proven techniques, this book will transform your bedtime routine and ensure you wake up feeling refreshed and ready to conquer the day. From creating a tranquil sleep environment to mastering relaxation techniques, each chapter is filled with actionable advice to help you sleep soundly every night. Say goodbye to sleepless nights and hello to a well-rested, energized you. Reclaim your nights for ultimate relaxation and rejuvenation. Feedback for Sleep Your Way to Success: How to Sleep Better 1st Edition. This book is amazing. It's written in layman's terms and is quick and easy to read. I have now passed it onto family members, all of whom are impressed by the simple techniques. Sleep Your Way to Success dives right in; it's well-researched and very practical. I've read several books on insomnia, and this one curates the research so you can integrate it into your life. I would highly recommend Sleep Your Way to Success to anyone who has trouble sleeping.

Sleep Hacking for Busy Bees: Optimizing Sleep in Short Bursts Ethan West, In our frenetic modern world, the quest for efficiency often comes at a steep price. We juggle demanding careers, personal responsibilities, and social obligations all while trying to maintain a semblance of balance. Amidst this relentless hustle, one crucial aspect of our well-being frequently gets shortchanged: sleep. Have you ever caught yourself wondering, "How can I get the most out of my sleep in the little time I have?" If so, you're not alone. This book delves into the art and science of sleep hacking, a practice designed to optimize sleep for those who lead busy lives. But before we delve into the nitty-gritty, let's explore why sleep is non-negotiable. Sleep is often perceived as a luxury, something we can afford to cut back on to squeeze in an extra hour of work or play. Yet, research consistently underscores that sleep is foundational to our health and well-being. According to the National Sleep Foundation, adults need between 7 to 9 hours of sleep per night for optimal functioning. However, a staggering one in three adults doesn't meet this requirement, leading to a host of physical and mental health issues. So, why is sleep so important?

The Bulletproof Diet Dave Asprey, 2014-12-02 In his midtwenties, Dave Asprey was a successful Silicon Valley multimillionaire. He also weighed 300 pounds despite the fact that he was doing what doctors recommended: eating 1,800 calories a day and working out 90 minutes a day, six times a week. When his excess fat started causing brain fog and food cravings sapped his energy and willpower, Asprey turned to the same hacking techniques that made his fortune to hack his own biology, investing more than 300,000 and 15 years to uncover what was hindering his energy, performance, appearance, and happiness. From private brain EEG facilities to remote monasteries in Tibet, through radioactive brain scans, blood chemistry work, nervous system testing, and more, he explored traditional and alternative technologies to reach his physical and mental prime. The result: The Bulletproof Diet, an anti-inflammatory program for hunger-free, rapid weight loss and peak performance. The Bulletproof Diet will challenge and change the way you think about weight loss and wellness. You will skip breakfast, stop counting calories, eat high levels of healthy saturated fat, work out

and sleep less and add smart supplements In doing so you ll gain energy build lean muscle and watch the pounds melt off By ditching traditional diet thinking Asprey went from being overweight and sick in his twenties to maintaining a 100 pound weight loss increasing his IQ and feeling better than ever in his forties The Bulletproof Diet is your blueprint to a better life

Sensehacking Charles Spence,2021-01-14 The world expert in multisensory perception on the remarkable ways we can use our senses to lead richer lives Talks total sense lots of fun facts right up there with the best of the best Chris Evans Packed with studies on pain attention memory mood The Times How can the furniture in your home affect your wellbeing What colour clothing will help you play sport better And what simple trick will calm you after a tense day at work In this revelatory book pioneering and entertaining Oxford professor Charles Spence shows how our senses change how we think and feel and how by hacking them we can reduce stress become more productive and be happier We like to think of ourselves as rational beings and yet it s the scent of expensive face cream that removes wrinkles temporarily a room actually feels warmer if you use a warmer paint colour and the noise of the crowd really does affect the referee s decision Understanding how our senses interact can produce incredible results This is popular science at its unbelievable best Spence does for the senses what Marie Kondo does for homes Avery Gilbert author of What the Nose Knows Everything you need to know about how to cope with the hidden sensory overload of modern life engagingly told Robin Dunbar author of How Many Friends Does One Person Need
