Becoming a Digital Parent Carrie Rogers Whitehead, 2020-12-29 Becoming a Digital Parent is a practical readable guide that will help all parents have confidence to successfully navigate technology with their children It accessibly presents evidence based guidance to offer an overview of the digital landscape empowering parents to embrace opportunities whilst keeping children responsible and safe online Covering a range of topics including developmental stages screen time bed time gaming digital identities and helpful parenting apps and resources Carrie Rogers Whitehead explores the challenges and opportunities involved in parenting in the digital age With advice for parents of babies through to teenagers each chapter includes an explanation of the latest research interviews with parents and experts and helpful case studies gathered by the author during her extensive experience of working directly with parents and children This book will show parents how to communicate better with their children create a family technology plan put in place intervention strategies when things happen and take advantage of the benefits technology can afford us Becoming a Digital Parent is ideal for all parents looking to effectively navigate the technological world and the range of professionals who work with them Kids Across the Spectrums Meryl Alper, 2023-08-15 An ethnographic study of diverse children on the autism spectrum and the role of media and technology in their everyday lives In spite of widespread assumptions that young people on the autism spectrum have a natural attraction to technology a premise that leads to significant speculation about how media helps or harms them relatively little research actually exists about their everyday tech use In Kids Across the Spectrums Meryl Alper fills this gap with the first book length ethnography of the digital lives of autistic young people Based on research with more than sixty neurodivergent children from an array of racial ethnic and socioeconomic backgrounds Kids Across the Spectrums delves into three overlapping areas of their media usage cultural belonging social relationships and physical embodiment Alper s work demonstrates that what autistic youth do with technology is not radically different from their non autistic peers However significant social and health inequalities including limited recreational programs unsafe neighborhoods and challenges obtaining appropriate therapeutic services spill over into their media habits With an emphasis on what autistic children bring to media as opposed to what they supposedly lack socially Alper argues that their relationships do not exist outside of how communication technologies affect sociality nor beyond the boundaries of stigmatization and society writ large Finally she offers practical suggestions for the education healthcare and technology sectors to promote equity inclusion access and justice for autistic kids at home at school and in their communities *Social Media and Society* Qihao Ji, 2023-11-27 This book offers a detailed exploration of the role social media plays in our daily lives and across a variety of contexts from social networking sites messaging applications and enterprise communication platforms to virtual reality Offering readers an introduction to the uses effects and central debates surrounding the subject of social media this text is organized into three sections each with a distinct focus Part I provides an overview of social media defining it through

communication characteristics and exploring both theoretical and practical approaches to understanding it Part II examines the impact of social media on individual users including its effects on expression health and relationship management and Part III investigates the wider social implications of social media including its impact on politics entertainment marketing and information consumption Featuring key contemporary case studies and learner centered exercises throughout this book offers a rich and engaging look at the most pertinent issues of the social media era on both an individual and societal level This is an essential text for students of digital media communication journalism and beyond as well as a useful resource for researchers and industry professionals interested in exploring the social and psychological effects of social media

Play in a Covid Frame Anna Beresin, Julia Bishop, 2023-06-01 During the international coronavirus lockdowns of 2020 2021 millions of children youth and adults found their usual play areas out of bounds and their friends out of reach How did the pandemic restrict everyday play and how did the pandemic offer new spaces and new content This unique collection of essays documents the ways in which communities around the world harnessed play within the limiting frame of Covid 19 Folklorists Anna Beresin and Julia Bishop adopt a multidisciplinary approach to this phenomenon bringing together the insights of a geographically and demographically diverse range of scholars practitioners and community activists The book begins with a focus on social and physical landscapes before moving onto more intimate portraits of play among the old and young including coronavirus themed games and novel toy inventions Finally the co authors explore the creative shifts observed in frames of play ranging from Zoom screens to street walls This singular chronicle of coronavirus play will be of interest to researchers and students of developmental psychology childhood studies education playwork sociology anthropology and folklore as well as to toy museum and landscape designers This book will also be of help to parents professional organizations educators and urban planners with a postscript of concrete suggestions advocating for the essential role of play in a post pandemic world

Revolutionary Algorithms Torey Akers, 2025-01-07 From an artist and TikTok creator a critical look at the controversial app and its effect on cultural heritage artificial intelligence community organizing and digital censorship In *Revolutionary Algorithms* Torey Akers approaches TikTok with a deep understanding of the app as both a prolific creator and consumer of its content In these essays she interrogates how the TikTok ban and the multiple genocides happening around the world are deeply intertwined how the app can empower creators amplify social movements and document abuses of power She addresses the good bad and sometimes uncanny parts of maneuvering and communicating in a digital space As a new era of social media looms Akers makes the case for techno progressivism looking toward a future where TikTok continues to connect inspire and create space for more intersectionality equity and joy

Derivative Media Andrew deWaard, 2024-09-03 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more Sequels reboots franchises and songs that remake old songs does it feel like everything new in popular culture is just derivative of something old Contrary to popular belief the

reason is not audiences or marketing but Wall Street In this book Andrew deWaard shows how the financial sector is dismantling the creative capacity of cultural industries by upwardly redistributing wealth consolidating corporate media harming creative labor and restricting our collective media culture Moreover financialization is transforming the very character of our mediascapes for branded transactions Our media are increasingly shaped by the profit extraction techniques of hedge funds asset managers venture capitalists private equity firms and derivatives traders Illustrated with examples drawn from popular culture Derivative Media offers readers the critical financial literacy necessary to understand the destructive financialization of film television and popular music and provides a plan to reverse this dire threat to culture
