Search For Order Biblical Eschatology In Focus:

The Search for Order W.J. Dumbrell, 2001-10-29 The Bible's eschatological framework is spread across the table for all to see in *The Search for Order* showing the unfolding of God's total plan for history not just the last days In a world disordered by sin Scripture describes God's goal as a reordering of corrupted creation according to William J Dumbrell The author takes into account current positions as he looks for the big eschatological picture with the same thorough approach to biblical theology he brought to *The End of the Beginning and Covenant and Creation* In the resulting thematic survey students are allowed to draw their own conclusions about the Bible's overall position on the climactic scenes of history Ultimately they learn to conceive of eschatology less as an expectant construction of future events than as a theological approach to comprehending what God is doing today *The search for order : biblical eschatology in focus* William J. Dumbrell, 1992

The Gospel and the Mind Bradley G. Green, 2010-11-03 History demonstrates that wherever the cross is planted the academy follows But history alone cannot demonstrate why this is and must be the case Green engages theology and philosophy to prove that the Christian vision of God mankind and the world provides the necessary precondition for and enduring foundation of meaningful intellectual life *The Gospel and the Mind* deeply rooted in Augustinian and Reformed thought shows that core principles of the West's Christian inheritance such as creation and the importance of history the centrality of a telos to all things and the logos and the value of words form the matrix of any promising and sustainable intellectual life More than a lament of the state of the evangelical mind or even an argument for the primacy of a Christian worldview *The Gospel and the Mind* is a paradigm shifting declaration that the life of the mind starts at the cross *Die Gottesvorstellungen in der antik-jüdischen Apokalyptik* Stefan Beyerle, 2005 This monograph studies the theological motivations behind certain Jewish apocalypses by focusing on the mighty acts of God recounted in these writings Three prominent motifs among others receive attention here theophanies portrayals of the resurrection and new creation *Be a Blessing* Elizabeth Ellen Ostring, 2016-03-08 Utilizing the techniques of narratology and literary analysis this study examines the foundational biblical text of Genesis to develop the theology of ordinary human work that emerges from it The study offers a history of Christian theologies of human work as well as a unique approach to both the topic of work and the literary structure of Genesis The emerging concept of blessing rather than achievement provides a refreshing and yet practical approach to human work This is a valuable complement to the current interest in this topic and one that although challenging some current concepts is encouraging

Participation and Covenant Dick Moes, 2024-03-13 In *Participation and Covenant* Contours of a Theodramatic Theology Moes develops a theological framework that has participation in the life of God in Christ through the Spirit as its integrative center In doing so he enters into conversation with covenant or federal theology particularly as it has been presented by Michael Horton in which the integrative center is the concept of the covenant He argues that God's fundamental relationship with humanity does not entail a covenant ontology a fundamentally

legal and ethical relationship to God as we find in Horton's presentation but rather an ontology of participating in God's loving presence in Christ through the Holy Spirit. For this relationship we were created and this participation is therefore natural to us. Accordingly, a theodramatic framework that incorporates a reframed understanding of divine human covenants and that has participation in the life of God in Christ by the Spirit as its integrative center is better able to give direction for clearly communicating the gospel in our secular culture and for properly shaping our Christian identity and practice in the face of the secularism that affects the church too than Horton's framework of covenant theology.

The Letter to the Ephesians Peter T. O'Brien, 1999-10-25 From a foremost authority on the New Testament comes a major new commentary on Ephesians, a letter of truth, love, and unity to our superficial world. This volume in the Pillar New Testament Commentary series provides a rich exposition of Ephesians, one of the most significant documents ever written. Using the fruits of recent biblical research, Peter O'Brien shows how Ephesians sums up God's magnificent plan of salvation in Christ and spells out his divine purpose for believers today. A model of the scholarly excellence characteristic of the entire PNTC series, which now features a striking new jacket design, O'Brien's Ephesians will become the standard work on this profoundly influential book.
