Search For Order 1877 1920:

The Search for Order, 1877-1920 Robert H. Wiebe, 1967 Robert Wiebe sees the Progressive era of Theodore Roosevelt and Woodrow Wilson as a search for organizing principles around which a viable social order could be constructed in a new largely impersonal world This book combines the virtues of historical narrative sociological analysis and social criticism

The Search for Order, 1995 **Die Ordnung der Moderne** Thomas Etzemüller, 2015-07-15 Zu Beginn des 20. Jahrhunderts gerieten die modernen Industriegesellschaften in eine tiefe Krise Die Welt wurde vieldeutig die sozialen Beziehungen schienen sich aufzulösen Social Engineering war eine Möglichkeit die negativen Folgen der ambivalenten Moderne zu bewenden Durch die systematische Umgestaltung der Lebenswelt und der Alltagspraktiken sollten soziale Beziehungen rekonfiguriert werden Der Band untersucht das Social Engineering als eine spezifisch transnationale Formation die Moderne zu ordnen indem es die Menschen einem biopolitischen Regime unterwarf ohne notwendig in Vernichtung münden zu müssen The Search for Order Robert H. Wiebe, 1967 **The Progressive Era in the USA: 1890-1921**

Kristofer Allfeldt, 2017-05-15 Few periods in American history have been explored as much as the Progressive Era It is seen as the birth place of modern American liberalism as well as the time in which America emerged as an imperial power Historians and other scholars have struggled to explain the contradictions of this period and this volume explores some of the major controversies this exciting period has inspired Investigating subjects as diverse as conservation socialism or the importance of women in the reform movements this volume looks at the lasting impact of this productive yet ultimately frustrated generation's legacy on American and world history The Inception of Modern Professional Education Bruce A.

Kimball, 2009 Christopher C. Langdell 1826-1906 is one of the most influential figures in the history of American professional education As dean of Harvard Law School from 1870 to 1895 he conceived designed and built the educational model that leading professions

Sicherheit in Freiheit Gert-Joachim Glaesner, 2013-04-17 Das Buch untersucht Grundlagen Entwicklung und Aktualität von Sicherheitsvorstellungen Staatsschutz und innerer Sicherheit und die Terrorismusbekämpfung in den USA Großbritannien und der Bundesrepublik Sicherheit zu gewährleisten ist von Alters her die Aufgabe der staatlichen Ordnung Diese Aufgabe rechtfertigt die Ausstattung des Staates mit besonderen Machtmitteln und sein Monopol auf legitime Gewaltausübung Die gängige Gegenüberstellung von Sicherheit und Freiheit als unvereinbare kollektive Güter und eine Prioritätensetzung zu Gunsten des einen zu Lasten des anderen führt nicht weiter Es kommt darauf an den widersprüchlichen Verhältnissen beider Staatsaufgaben nachzugehen **Leidenschaft und Bildung** Helga Lüdtko, 1992 Beiträge

Analysen und Dokumente zur Geschichte der Frauenarbeit in Bibliotheken **The Presidencies of Grover Cleveland** Richard E. Welch, 1988 Grover Cleveland who served as both the twenty second and the twenty fourth president of the United States dominated the American political scene from 1884 to 1896 Viewed at one time as a monument of presidential courage Cleveland has over the past generation been dismissed by historians as a Bourbon Democrat the symbol of that wing of the

Democratic party devoted to preserving the status quo and protecting the interests of the propertied In this revisionist study Richard Welch takes a fresh look at the Cleveland administrations and discovers a man whose assertive temperament was frequently at odds with his inherited political faith Although pledging public allegiance to a Whiggish version of the presidency Cleveland's aggressive insistence on presidential independence led him to exercise increasing control of the executive branch and then to seek influence over Congress and national legislation Quick to denounce governmental paternalism and the centralization of political power Cleveland nevertheless expanded the authority of the national government as he revised federal land and Indian policies in the West and ordered the army to Chicago during the 1894 Pullman strike For all his fears of constitutional innovation he was neither a champion of big business nor unaware of the problems posed by the post Civil War economic revolution He signed the Interstate commerce Act warned against the growing power of industrial combination advocated voluntary federal arbitration of labor management disputes and fought the monopolization of western lands by railroad and timber corporations Welch places Cleveland's battles on behalf of tariff revision civil service reform and the gold standard within the context of the conundrum of a strong president who usually failed to gain the cooperation of Congress or the Democratic party Cleveland reinvigorated the American presidency and reestablished an equilibrium between the executive and legislative branches of the federal government but by his obdurate enmity to the silverites and the agrarian radicals he helped assure the division and defeat of his party in the election of 1896 Welch demonstrates that Cleveland's achievements and failures as a political leader were attributable to an authoritarian temperament that saw compromise as surrender Two chapters of the book are devoted to Cleveland's diplomacy focusing especially on his response to Hawaiian and Cuban revolutions and the boundary dispute between Venezuela and Great Britain Welch takes issue with the currently popular thesis that U S diplomacy in the last decade of the nineteenth century displayed a concerted governmental effort to solve domestic economic problems by expanding foreign markets in East Asia and Latin America In addition to providing insights into the character of one of our more interesting presidents this reassessment of Grover Cleveland's historical legacy shows clearly that the Cleveland years served as the essential preface to the development of a modern presidency and to the identification for executive power

Americanizing the West Frank Van Nuys, 2002 The arrival of immigrants on America's shores has always posed a singular problem once they are here how are these diverse peoples to be transformed into Americans The Americanization movement of the 1910s and 1920s addressed this challenge by seeking to train immigrants for citizenship representing a key element of the Progressives search for order in a modernizing America Frank Van Nuys examines for the first time how this movement in an effort to help integrate an unruly West into the emerging national system was forced to reconcile the myth of rugged individualism with the demands of a planned society In an era convulsed by world war and socialist revolution the Americanization movement was especially concerned about the susceptibility of immigrants to un American propaganda and union agitation As Van Nuys convincingly

demonstrates this applied as much to immigrants in the urbanizing and industrializing West as it did to those occupying the ethnic enclaves of cities in the East In Americanizing the West he tells how hundreds of bureaucrats educators employers and reformers participated in this movement by developing adult immigrant education programs and how these attempts contributed more toward bureaucratizing the West than it did to turning immigrants into productive citizens He deftly ties this history to broader national developments and shows how Westerners brought distinctive approaches to Americanization to accommodate and preserve their own sense of history and identity Van Nuys shows that although racism and social control agendas permeated Americanization efforts in the West Americanizers sustained their faith in education as a powerful force in transforming immigrants into productive citizens He also shows how some westerners especially in California believed they faced a racial frontier unlike other parts of the country in light of the influx of Hispanics and Asians so that westerners became major players in the crafting of not only American identity but also immigration policies The mystique of the white pioneer past still maintains a powerful hold on ideas of American identity and we still deal with many of these issues through laws and propositions targeting immigrants and alien workers Americanizing the West makes a clear case for regional distinctiveness in this citizenship program and puts current headlines in perspective by showing how it helped make the West what it is today

The Presidencies of James A. Garfield & Chester A. Arthur Justus D. Doenecke, 1981 This is the first single volume to focus on the presidencies of both James A Garfield and Chester A Arthur Drawing from a host of studies on the foreign and domestic policies of the nation during the Gilded Age as well as from his own primary research the author presents a somewhat revisionist look at Garfield and Arthur revisionist in that he gives the reader a renewed appreciation of both men Far from being cynical spoilsmen or naive incompetents individuals whose presidencies provide studies in ineptitude Garfield and Arthur emerge as men of considerable ability While making no claims of greatness Doenecke maintains that each was a significant transitional figure playing a crucial role as the institution of the presidency moved from the weak leadership of Andrew Johnson to the forceful direction of Theodore Roosevelt According to Doenecke Garfield saw the office of chief executive primarily in administrative terms and his great battle was over keeping the power of appointment in his own hands His victory over the Stalwarts enhanced both the power and prestige of the office His knowledge of how government worked was unmatched long before Woodrow Wilson made his mark Garfield was the scholar in politics The diplomacy of Secretary of State James G Blaine comes under critical scrutiny Doenecke evaluates his performance in the Chile Peru War War of the Pacific the Guatemala Mexico dispute the isthmian canal issue Irish American activities in Britain and efforts to secure markets in Korea br Garfield was assassinated less than six months after he entered office he had yet to be tested on major issues of public policy Chester A Arthur was ill prepared to be chief executive was in poor health much of the time while he was in office and was faced with a hopelessly divided party Nevertheless he was one of the nation s great political surprises His administration pioneered in the development of the navy sought foreign markets for American

surpluses fostered civil service reform and pressed for a scientific tariff Doenecke devotes one chapter to the spoils system and the background to the Pendleton Act one to Arthur s strategy regarding the South and then offers an in depth analysis of diplomacy during Arthur s tenure During the presidencies of Garfield and Arthur the United States attempted to intervene in a war between Chile and Peru sought to turn Nicaragua into a protectorate supplied leading advisers to Madagascar and Korea and took a major part in the Congo conference of 1884 In examining these activities even while pointing to uncoordinated statecraft and inept diplomacy Doenecke challenges the long held view that from 1881 to 1885 the nation was withdrawn and insular His fresh perspective on the Garfield and Arthur years will be of considerable interest to historians of the Gilded Age

Personnel Research, History, and Policy Issues Michelle P. Kraus,1986 *General Walter Krueger* Kevin C. Holzimmer,2007 A military biography of the general who led the U S Sixth Army in the Southwest Pacific in World War II including grueling jungle campaigns in New Britain and New Guinea and who was subsequently chosen by General MacArthur to lead the ground invasion of both the Philippines and Japan

Congressional Populism and the Crisis of the 1890s O. Gene Clanton,1998 The Populist Party reacted to the anxiety that America was moving towards a new form of slavery after the Industrial Revolution with a stand against imperialism This study of the party reveals the personalities that shaped the movement

Devil's Bargains Hal Rothman,1998 The West is popularly perceived as America s last outpost of unfettered opportunity but twentieth century corporate tourism has transformed it into America s land of opportunism From Sun Valley to Santa Fe towns throughout the West have been turned over to outsiders and not just to those who visit and move on but to those who stay and control Although tourism has been a blessing for many bringing economic and cultural prosperity to communities without obvious means of support or allowing towns on the brink of extinction to renew themselves the costs on more intangible levels may be said to outweigh the benefits and be a devil s bargain in the making Hal Rothman examines the effect of twentieth century tourism on the West and exposes that industry s darker side He tells how tourism evolved from Grand Canyon rail trips to Sun Valley ski weekends and Disneyland vacations and how the post World War II boom in air travel and luxury hotels capitalized on a surge in discretionary income for many Americans combined with newfound leisure time From major destinations like Las Vegas to revitalized towns like Aspen and Moab Rothman reveals how the introduction of tourism into a community may seem innocuous but residents gradually realize as they seek to preserve the authenticity of their communities that decision making power has subtly shifted from the community itself to the newly arrived corporate financiers And because tourism often results in a redistribution of wealth and power to outsiders observes Rothman it represents a new form of colonialism for the region By depicting the nature of tourism in the American West through true stories of places and individuals that have felt its grasp Rothman doesn t just document the effects of tourism but provides us with an enlightened explanation of the shape these changes take Deftly balancing historical perspective with an eye for what s happening in the region right now his book sets new standards for the

study of tourism and is one that no citizen of the West whose life is touched by that industry can afford to ignore Von der Arbeiterbewegung zum modernen Sozialstaat Jürgen Kocka, Hans-Jürgen Puhle, Klaus Tenfelde, 1994 Finding Common Ground Ronald D. Brunner, Christine H. Colburn, Christina M. Cromley, Roberta A. Klein, 2008-10-01 Over the past century solutions to natural resources policy issues have become increasingly complex Multiple government agencies with overlapping jurisdictions and differing mandates as well as multiple interest groups have contributed to gridlock frequently preventing solutions in the common interest Community based responses to natural resource problems in the American West have demonstrated the potential of local initiatives both for finding common ground on divisive issues and for advancing the common interest The first chapter of this enlightening book diagnoses contemporary problems of governance in natural resources policy and in the United States generally then introduces community based initiatives as responses to those problems The next chapters examine the range of successes and failures of initiatives in water management in the Upper Clark Fork River in Montana wolf recovery in the northern Rockies bison management in greater Yellowstone and forest policy in northern California The concluding chapter considers how to harvest experience from these and other cases offering practical suggestions for diverse participants in community based initiatives and their supporters agencies and interest groups and researchers and educators **Scharnierzeit 1895-1907** Magnus Brechtken, 2006 **Die Preussische Akademie der Wissenschaften zu Berlin 1914-1945** Berlin-Brandenburgische Akademie der Wissenschaften, 2000 Der Band enthält die Beiträge des zweiten von der Berlin Brandenburgischen Akademie der Wissenschaften im Oktober 1998 veranstalteten Kolloquiums Die Preussische Akademie der Wissenschaften zu Berlin in Krieg und Frieden in Republik und Diktatur 1914 1945 in dessen Mittelpunkt die Fragen nach dem Verhältnis der Akademie und ihrer Mitglieder zu Republik und Diktatur standen Wie bewahrte sich die Akademie über die Systembrüche von 1918 und 1933 hinweg ihre Kontinuität Wie weit konnte sie an ihrer Autonomie und ihrem Ideal des Strebens nach reiner Erkenntnis auch unter den Bedingungen der NS Diktatur festhalten **Federal Practice and Procedure** Charles Alan Wright, 1969

Search For Order 1877 1920 Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Search For Order 1877 1920**," written by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound affect our existence. Throughout this critique, we shall delve to the book is central themes, evaluate its unique writing style, and assess its overall influence on its readership.
