Seasoned By Salt A Historical Album Of The Outer Banks:

Into the Sound Country Bland Simpson, 2017-12-01 *Into the Sound Country* is a story of rediscovery of two North Carolinians returning to seek their roots in the state's eastern provinces. It is an affectionate impressionistic and personal portrait of the coastal plain by two natives of the region: writer Bland Simpson and photographer Ann Cary Simpson. Here Bland Simpson tours his old waterfront haunts in Elizabeth City, explores scuppernong vineyards from Hertford to Southport, tramps through Pasquotank swamps and Croatan pine savannas, and visits Roanoke River oyster bars and Core Banks fishing shanties. Ann Simpson's original photographs capture both the broad vistas of the sounds and rivers and the quieter corners of mossy creeks and country churchyards. Her selection of archival illustrations ranges from the informative to the humorous, from a turpentine scraper at work in the 1850s to a pair of little girls playing with a horseshoe crab on a Beaufort porch at the turn of the century. A memorable journey into eastern Carolina's richly varied natural world, *Into the Sound Country* is for anyone who would spend a while in one of America's most intriguing and underexplored areas. The New Encyclopedia of Southern Culture Martin V. Melosi, Charles Reagan Wilson, 2014-02-01 From semitropical coastal areas to high mountain terrain, from swampy lowlands to modern cities, the environment holds a fundamental importance in shaping the character of the American South. This volume of *The New Encyclopedia of Southern Culture* surveys the dynamic environmental forces that have shaped human culture in the region and the ways humans have shaped their environment. Articles examine how the South's ecology, physiography, and climate have influenced southerners not only as a daily fact of life but also as a metaphor for understanding culture and identity. This volume includes ninety-eight essays that explore both broadly and specifically elements of the southern environment. Thematic overviews address subjects such as plants, animals, energy use and development, and natural disasters. Shorter topical entries feature familiar species such as the alligator, the ivory-billed woodpecker, kudzu, and the mockingbird. Also covered are important individuals in southern environmental history and prominent places in the landscape such as the South's national parks and seashores. New articles cover contemporary issues in land use and conservation, environmental protection, and the current status of the flora and fauna widely associated with the South. [Hatteras Blues](#) Tom Carlson, 2010-03-01 Tom Carlson tells the story of Ernal Foster and the Foster family of Hatteras Village, who gave birth to what would become the multi-million-dollar charter fishing industry on the Outer Banks. Today Ernal's son, Captain Ernie Foster, struggles to keep the family business alive in a time of great change on the Banks. Within the engaging saga of the rise and decline of one family's livelihood, Carlson relates the history and transformation of Hatteras Village and the high-adrenaline experience of blue-water sportfishing and the industry that surrounds it. *Hatteras Blues* is their story, a story of triumph and loss, of sturdy Calvinist values and pell-mell American progress, and of fate and luck as capricious as the weather. **The Wright Brothers** David McCullough, 2015-05-05
