

The background of the book cover is a colorful illustration. It depicts a bright yellow sun with a smiling face and large eyes, positioned in the upper right corner. The sun's rays are long and straight, extending across the sky. Below the sun, the ocean is shown with stylized, wavy lines in shades of blue and green. A small sailboat with a white sail and a red stripe is sailing on the water. The overall style is that of a children's book illustration.

## **Seasons One Womans Journey:**

*Seasons* Peter D. Riley, 2003      *Bearing Fruit in Due Season* Elizabeth J. Smith, 1999 *Bearing Fruit in Due Season* calls upon biblical scholars to pay attention to what happens when academic biblical studies meet the worshipping Church. It also provides the keys to a treasury of feminist biblical interpretation to enrich both the makers of liturgy and all the people who worship. **BOOK JACKET** Title Summary field provided by Blackwell North America Inc. All Rights Reserved      [The Routledge Handbook of Gender and Communication](#) Marnel Niles Goins, Joan Faber McAlister, Bryant Keith Alexander, 2020-11-29 This volume provides an extensive overview of current research on the complex relationships between gender and communication. Featuring a broad variety of chapters written by leading and upcoming scholars, this edited collection uses diverse theoretical frameworks to provide insight into recent concerns regarding changing gender roles, representations, and resources in communication studies. Established research and new perspectives address vital themes in this comprehensive text, including the shifting politics of gender, ethical and technological trends in gendered media, and gender in daily life. Comprising 39 chapters by a team of international contributors, the Handbook is divided into six thematic sections: Gendered lives and identities; Visualizing gender; The politics of gender; Gendered contexts and strategies; Gendered violence and communication; Gender advocacy in action. These sections examine central issues, debates, and problems, including the ethics and politics of gender as identity, impacts of media and technology, legal and legislative battlegrounds for gender inequality and LGBTQ human rights, changing institutional contexts, and recent research on gender violence and communication. The final section links academic research on gender and communication to activism and advocacy beyond the academy. *The Routledge Handbook of Gender and Communication* will be an invaluable reference work for students and researchers working at the intersections of gender studies and communication studies. Its international perspectives and the range of themes it covers make it an essential and pragmatic pedagogical resource.      [The Color of The Season](#) Julianne MacLean, 2014-11-11 From USA Today bestselling author Julianne MacLean comes the next instalment in her popular *Color of Heaven* series. Josh's story: a gripping emotional tale about real life magic that touches us all during the holiday season. Boston cop Josh Wallace is having the worst day of his life. First, he's dumped by the woman he was about to propose to, then everything goes downhill from there when he is shot in the line of duty. While recovering in the hospital, he can't seem to forget the woman he wanted to marry, nor can he make sense of the vivid images that flashed before his eyes when he was wounded on the job. Soon everything he once believed about his life begins to shift when he meets Leah James, an enigmatic resident doctor who somehow holds the key to both his past and his future. Through his connections with Leah and the unbelievable journey she takes him on, Josh soon learns that miracles can happen to anyone, especially at Christmastime.
