Touchstones: John McGahern's Classical Style Frank Shovlin, 2016-11-11 Touchstones examines the ways in which John McGahern became a writer through his reading. This reading it is shown was both extensive and intensive and tended towards immersion in the classics. As such new insights are provided into McGahern's admiration and use of writers as diverse as Dante Alighieri, William Blake, James Joyce, Albert Camus and several others. Evidence for these claims is found both through close reading of McGahern's published texts as well as unprecedented sleuthing in his extensive archive of papers held at the National University of Ireland Galway. The ultimate intention of the book is to draw attention to the very literary and writerly nature of McGahern as an artist and to place him not just as a great Irish writer but as part of a long and venerable European tradition.

Touchstones Frank Shovlin, 2016 Touchstones examines the literary influences that led to John McGahern becoming Ireland's greatest fiction writer of the post-war generation.

Young John McGahern Denis Sampson, 2012-02-23 Denis Sampson explores John McGahern's discovery of art as a young man and traces the development of his signature vision and style. Sampson considers McGahern's early efforts as an apprentice novelist and weaves the inner story of the composition of his acclaimed first novel *The Barracks* into a narrative of imaginative formation.

Eight Modern Masterpieces John Whitehead, 1994 After fifty years or more it is now possible to view in perspective the works in which eight modern writers D H Lawrence E M Forster Ernest Hemingway W Somerset Maugham Christopher Isherwood Cyril Connolly Henry Green and George Orwell reached the pinnacle of their achievement. Set in the context of their lives and the period of transition in which they lived this new study offers fresh insights to those already familiar with these masterpieces and will help those coming to them for the first time to experience something of the impact they made on their first readers.

Design & Applied Arts Index , 1997 **Circa Art Magazine** , 1999 Krino , 1995 **The Canadian Journal of Irish Studies** , 2005 Krino, 1986-1996 Gerald Dawe, Jonathan Williams, 1996 **Irish Art, 1830-1990** Brian Fallon, 1994 Irish artists have over a century and a half produced art of a quality that matches any in the international arena yet their work remains largely unknown. This book provides a highly readable introduction to the history and development of Irish art to the end of the twentieth century.
