*God and Globalization: Volume 1* Max L. Stackhouse, Peter J. Paris, 2009-03-15 The promise and the threat of globalization are examined using the tools of theological ethics to understand and evaluate the social contexts of life at the deepest moral and spiritual levels

**Mikhail Gorbachev Is Gog and Magog, the Biblical Antichrist** Randolph Wright, 2010-04-30 This book outlines prophecies that Gorbachev has fulfilled according to biblical scriptures In the authors view he has fulfilled more than ten prophecies related to the antichrist Did Gorbachev plan the coup de tat in 1991 in order to fulfill biblical prophecies A coming showdown between Russia Iran vs America Israel that will lead to WWII The Gorbachev Osama Bin Laden connection Proof that we are living in the final days before the second coming of Jesus Christ

**America, Amerikkka** Rosemary Radford Ruether, 2014-12-05 America views itself as a nation inhabiting a promised land and enjoying a favoured relation with God This view of unique election has been coupled with racial exclusivism and the marginalization of non white citizens America Amerikkka traces the historical and ideological patterns behind America s sense of itself In its examination of America s chosenness the book ranges across the doctrine of the rights of man in the 18th and 19th centuries the role of America in the twentieth century as global policeman and the enforcement of neo colonial relations over the third world The volume argues for a vision of global relations between peoples based on justice and mutuality rather than hegemonic dominance

**2048** J. Kirk Boyd, 2010-04-12 Creating an enforceable international guarantee of basic human rights Outlines the basics of a universally acceptable agreement Shows what everyone can do to make this agreement a reality In 1948 the United Nations General Assembly adopted the Universal Declaration of Human Rights a deeply inspiring document that has been translated into over 300 languages and dialects But because its provisions are not enforceable its promise has not been fulfilled Human rights violations continue in every corner of the globe the cause of countless individual tragedies as well as large scale disasters like war poverty and environmental ruin It s time to take the next step 2048 sets out a visionary audacious but Kirk Boyd insists achievable goal drafting an enforceable international agreement that will allow the people of the world to create a social order based upon human rights and the rule of law Boyd and the 2048 Project aim to have this agreement the International Convention on Human Rights in place by the 100th anniversary of the Universal Declaration Written documents have always played a key role in advancing human rights the Code of Hammurabi the Magna Carta the Declaration of Independence The express purpose of the International Convention is to safeguard what Boyd calls the Five Freedoms adding freedom for the environment to Franklin Roosevelt s famous Four Freedoms freedom of speech freedom of religion freedom from want and freedom from fear Boyd skillfully anticipates objections to the notion of a universal and enforceable written agreement that it would be culturally insensitive too expensive unacceptably limit national sovereignty and convincingly answers them In fact some promising first steps have already been taken He describes existing transnational agreements with effective compliance mechanisms that can serve as models But Boyd wants to inspire more

than argue In 2048 he urges everyone to participate in the drafting of the agreement via the 2048 website and describes specific actions people can take to help make it a reality What you do with what you read Boyd writes is as important as what this book says Little by little working together creatively with the tools now available we can take the next step forward in the evolution of human rights

**False Dawn** Lee Penn,2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most

ambitious organization in today's interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI's proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People's Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In *The Reign of Quantity and the Signs of the Times* French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non's time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org     [CAC News Letter](#) Christian Anti-Communism Crusade,1995     **The Edge of Time** Peter Lalonde,Patti Lalonde,1997 In this groundbreaking book prophecy experts Peter and Patti Lalonde take you on a shocking journey behind the scenes of Satan's master plan for Earth's final days     **Endtime** ,1992     **The Handbook of Interethnic Coexistence** Eugene Weiner,1998 Addresses the question of how ethnic groups and nations can coexist with one another without sacrificing their own identities and values The book offers both theoretical and practical resources for facilitating interethnic coexistence and contains an

appendix with a bibliography and a list of organizations sponsoring coexistence work      Mastering the Art of Creative Collaboration Robert A. Hargrove, 1998 Creative collaboration makes the impossible possible But all too often collaboration stifles creativity This exciting new book offers tradition shattering advice that gives readers the tools to make any collaborative activity creative productive and rewarding      Whose World Order? Andrei P. Tsygankov, 2004 Intellectual ideas on the international community can make important contributions to how cultures perceive one another Yet these same ideas can also be misunderstood by other societies when they are framed in a culturally exclusive manner In Whose World Order Andrei P Tsygankov examines how Russian elites engage American ideas of world order and why Russians perceive these ideas as unlikely to promote a just or stable international system Tsygankov focuses on Francis Fukuyama's end of history thesis which argues for the global ascendancy of Western style market democracy and Samuel Huntington's clash of civilizations which drew attention to what Huntington perceived to be an increasingly dominant global disorder Tsygankov argues that Russian intellectuals received the ideas of these two prominent American scholars critically Despite Huntington's and Fukuyama's intentions to contribute to the development of freedom and stability in the world Russians viewed their theories at best as limitations to social and cross cultural creativity and at worst as justification for a war mongering West centered global dictatorship Tsygankov traces the reasons for Russian percepti      **National Development and Security** ,1995      **New Age Journal** ,1996      **The Search for Enlightened Leadership** Richard J.
