

There is a word that holds many different meanings. It is a word that can be used in a lot of different ways. The definition of quiet is: "without any disturbance; a state of tranquillity when you are not disturbed by anyone or anything." There are also two different uses of the word. It can be used as a noun or as a verb. When it is used as a noun, it means a state of being calm or peaceful. When it is used as a verb, it means to make something quiet or to become quiet.

In 1944, representatives from 44 countries around the world met in San Francisco in the United States of America (USA) after the Second World War had ended. The world was behind a crisis. There was no longer trust between neighbouring countries and there was no longer any peace. The representatives from most of the 44 countries decided that they must do something to establish peace and a very important document was signed. The document was made up of four very important agreements. The document was:

- To ensure that international goods and services
- To ensure that the interests among nations based on respect for equal rights
- To reduce the national government's role in solving international problems
- To be a catalyst for harmonizing the values of nations in the advancement of these goals

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

Spending more is not necessarily a use of the money that we can help to spread more evenly the world. Spending more may just afford to more and use the money in doing different ways. Some of them are:

- In fact
- Real purpose value of account will then also be different to us
- Intent to agree to disagree, there will always be a right answer but working together for the common good takes the most business and money
