**Searching for Certainty** Darrell Jay Bricker, Edward Greenspon, 2001 The 1990s was a decade of reckoning that compressed our spirits as well as our bank accounts We hunkered down through a prolonged winter of decline before finally at decade s end emerging to breathe in the first stirrings of national recovery The long journey tested our confidence in the country its governments our employers and even ourselves Happily we discovered a new inner strength and the wisdom to take advantage of global trends and to build a new social and cultural Canada in the post Trudeau era from Searching for Certainty Darrell Bricker president of the leading market research firm in Canada and Ed Greenspon political columnist for The Globe and Mail join forces to offer a comprehensive report on the new economic social and cultural Canada the dramatic changes wrought by globalization and technological innovation over the last two decades as well as the more subtle shifts in how we approach work health care and education Using the most up to date and complete data available they analyze economic trends from global trade to the workplace and trace the ways in which Canadian society and culture have been transformed They reveal that Canada has emerged from the late twentieth century a stronger and more dynamic society Far from becoming more American the new mindset is steeped in Canadian traditions of tolerance and community In the aftermath of the 1990s Canada is a society searching more than ever before for certainty not promises for quality of life not quantity of goods One example a decade ago Canadians had never heard of the Internet and the public equated new technology with job loss By the fall of 2000 70 per cent of adults more than 15 million individuals were connected to the Internet at home or work or school By the end of 2001 four out of five Canadians will probably enjoy access How is the Internet changing our health care our political unity how we shop even our power in relation to governments and corporations Searching for Certainty is a smart and entertaining fact filled account of how the changes over the last two decades affect us now and will determine how we feel and what we want tomorrow Combining demographic statistics with a journalist s keen eye for real life stories Bricker and Greenspon offer valuable insights for business and public policy and practical tips on how to survive and prosper in the new economy Politische Steuerung im Wandel: Der Einfluss von Ideen und Problemstrukturen Katharina Holzinger, Christoph Knill, Dirk Lehmkuhl, 2013-03-09 Das Buch analysiert Ursachen und Mechanismen des Wandels politischer Steuerung im Zeitablauf Auf der Grundlage von Fallstudien werden zentrale Faktoren und Zusammenhänge des Steuerungswandels herausgearbeitet Dabei steht das Ziel im Vordergrund die jeweiligen Faktoren und Ergebnisse des Wandels politischer Steuerung für unterschiedliche historische geographische institutionelle und sektorale Konstellationen empirisch zu erfassen und Hypothesen über allgemeine Zusammenhänge zwischen dem Wandel von Steuerungsideen Steuerungsbedingungen und Steuerungsmustern zu formulieren **The Canadian Alternative** Klaus Martens, 2004 The World in Canada David Bercuson, 2008-02-07 Just as Canada is increasingly at home in the world the world is increasingly finding a home in Canada The World in Canada confronts three questions What are the implications of
