[Prayers for All Occasions](#) Forward Movement Publications, 2016-10-08 Excerpt from Prayers for All Occasions Companion to Prayers New and Old The reasons for this are various but there is one in particular which is undoubtedly common Here is a personal note from one who had found out where his own trouble lay I knew that my prayer life was not what it should be My prayers were loose haphazard unarranged More often than not I felt the need of forgiveness for the casualness and insincerity of my praying And then one day I found where the trouble lay It was just that I was not going the right way about it My prayers were not properly ordered I had not given any thought to them before I got on my knees I was not making of my prayers a solemn and deliberate act of worship There are of course times in everyone's life when prayer cannot wait to be organized moments when prayer is the anguished utterance of a breaking heart or the formless cry of the soul for grace and courage to live through the next twenty four hours No plan of prayer will serve then But normally people do need a plan a method of devotion they need to have a clear idea both of what they are going to pray for and of what order their prayers will follow what shall come first and so forth They also need prayers ready to hand from which they can make a sort of cycle of prayer for a week or a month so they will not be repeating the same prayers day after day until they have become monotonous and perhaps unreal It is hoped that this book of Prayer For All Occasions will help to meet this personal need and also provide material for use in prayer groups and occasional evening services in Church About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that
