Prefaces Of Henry James Framing The Modern Reader:

The Prefaces of Henry James John H. Pearson, 2010-11-01

The Prefaces of Henry James John H. Pearson, 1997

Toward the end of his career Henry James published his collected works in a single edition which has come to be known as the New York Edition. Rather than simply reprint his fictional work, James entered into a massive work of self-monumentalization, revising the texts extensively and writing prefaces that have become classic texts on prose aesthetics and the novelist's art. John Pearson argues here for a reading of the prefaces within the context of the New York Edition as James's attempt to construct an ideal reader, one attentive to his art and authorial performance. *The English Book and Its Marginalia* Asako Nakai, 2022-06-08

This book is about books that recount the story of encountering another book. There are various versions of the story told and retold from the heyday of imperialism up to the present day. Homi Bhabha calls it the trope of the discovery of the English book by considering each of these versions carefully, we may also give an alternative account of twentieth-century English literature as the site of an intercultural discourse. This project is very much inspired by debate on postcolonial theory, namely the debate between Said and Bhabha. Part I is devoted to the discussion of Conrad, especially of *Heart of Darkness*, and investigates how the novella has continually been reproduced to the extent that it represents the English Book of colonial/postcolonial literatures. The chapter on Hugh Clifford (Ch 3) is virtually the first intensive critique of his novels such as *Saleh* (1908) with a particular focus on their intertextual relations with Conrad's texts. Part II examines how the story of the English Book is repeated and revised in the texts of the following authors: Joyce Cary, Isak Dinesen, V. S. Naipaul, Kaiko Takeshi, and Ngũgĩ wa Thiong'o. **The English Book and Its Marginalia** Asako Nakai, 2022-06-08

Building on insights from the fields of textual criticism, bibliography, narratology, authorship studies, and book history, *The Preface* examines the role that prefaces played in the development of professional authorship in America. Many of the prefaces written by American writers in the twentieth century catalogue the shifting landscape of a more self-consciously

professionalized trade one fraught with tension and compromise and influenced by evolving reading publics With analyses of Willa Cather Ring Lardner F Scott Fitzgerald Ernest Hemingway Robert Penn Warren and Toni Morrison Ross K Tangedal argues that writers used prefaces as a means of expanding and complicating authority over their work and ultimately as a way to write about their careers Tangedal's approach offers a new way of examining American writers in the evolving literary marketplace of the twentieth century Henry James's New York Edition David Bruce McWhirter, David McWhirter, 1998 Toward the end of James's career Charles Scribner's Sons offered to publish his collected work under the overall title The New York Edition of the Novels and Tales of Henry James This book is the first comprehensive effort to apprehend the full complexity of James's self performance there The Nineteenth-Century Novel: Identities Dennis Walder, 2013-05-13 The Nineteenth Century Novel Identities provides an ideal starting point for understanding gender in the novels of this period It explores the place of fiction in constructing gender identity within society at large considering Madame Bovary Portrait of a Lady and The Woman in White The book continues with a consideration of the novel at the fin de siècle examining Dracula The Awakening and Heart of Darkness These fascinating essays illuminate the ways in which the conventions of realism were disrupted as much by anxieties surrounding colonialism decadence degeneration and the New Woman as by those new ideas about human psychology which heralded the advent of psychoanalysis The concepts which are crucial to the understanding of the literature and society of the nineteenth century are brilliantly explained and discussed in this essential volume

Critical Forms Ross Wilson, 2023-08-13 Critical Forms is an account of the generic forms in which literary criticism has been undertaken It examines chiefly Anglophone literary criticism with comparative discussion of French and German material from around 1750 to the present and examines prefaces selections and anthologies reviews lectures dialogues letters and life writing Though not intended to be an exhaustive history of the period Critical Forms begins in the mid eighteenth century with the emergence of something like the forms chiefly the essay and the treatise in which criticism is still predominantly practised In order at least to complicate this predominance the book documents an abiding plurality in the forms of literary critical writing in the subsequent period leading up to the present Ross Wilson both questions the status of the essay and treatise as the natural forms of literary criticism and shows that the history of literary criticism is much more formally various and innovative than the usual ways of recounting that history as a succession of schools and movements would allow Critical Forms harbours the hope that it will make available a wider array of forms for the practice of literary criticism today it is this hope that licenses its own experiments in critical form Proteus George Ferzoco, 2020-07-09 Since Ovid the concept of metamorphosis has been an irresistible temptation for writers not only as a metaphor for shifting personal identity but as a way of exploring ideas of cultural and political transition The essays in this volume show how authors from Ovid Chaucer and Shakespeare to Thomas Mann Karen Blixen and 20th century science fiction writers have used this pervasive concept to raise fundamental questions about the nature and agency of radical

change Among the broad topics addressed are how shifts in scientific understanding intersect with and even effect transformations in literary expression the differing values attached to the language of metamorphosis over time and the connection between these values and structures of power particularly gender relations In addition to the editors the contributors are Darko Suvin Alessandro Perutelli Elsa Linguanti Douglas Burnham Enrico Giaccherini Lia Pacinotti Michael St John Rocco Coronato Silvia Bruti Elisabetta Cori Judith Rorai Milanese Catherine Burgass Luca Biagiotti Stefania Magnoni Daniel Weavis Julian North Ashley Chantler Martin Halliwell Patrick Quinn Roberta Ferrari Silvia Bigliazzi and Nicoletta Caputo

Book of Addresses Peggy Kamuf, 2005 This book consists of a series of essays that all turn around questions of the address of speech or writing They argue and demonstrate that meaning is not just a matter of the active intention of a subject for example speaker writer or other signatory of a meaningful act but also of its reception at another's address The book's main concern is therefore with a theory of meaning and of action that is not centered on the intentional self-conscious subject The fifteen chapters explore this problematic within three broad areas love jealousy and sexual difference fiction or literature and political or public discourse The book engages principally with contemporary French thought and includes important new readings of work by Jacques Derrida Hélène Cixous Maurice Blanchot and Jean-Luc Nancy Risiko Selbst, in der Englischsprachigen Literatur und in Anderen Bereichen Gudrun M. Grabher, Sonja Bahn-Coblans, 1999

Sprechende Körper, Poetik der Ansteckung Elisabeth Strowick, 2009 Die Untersuchung arbeitet die methodische Relevanz des Performativen für eine kulturwissenschaftliche Literaturwissenschaft heraus Ausgehend von der Akzentuierung des performativen Aktes als Akt des Sprechenden Körper Felman entwickelt sie Überlegungen zum Akt des Lesens und formuliert Aspekte einer Poetik der Ansteckung für die Literatur der Moderne Der performative Turn der sich in den Kulturwissenschaften durchgesetzt hat hat die Literaturwissenschaften in methodischer Hinsicht bisher wenig affiziert Ausgehend von Shoshana Felmans Austin Lektüre wird in diesem Band der performative Akt als Akt des Sprechenden Körper akzentuiert wobei der Körper nicht als ein Mittel sprachlicher Überzeugung sondern als Überschuss des Überzeugungsaktes über die Aussage verstanden wird

the Heroine Gillian Dara Epstein, 2000 A Form Foredoomed to Looseness Cecile Mazzucco-Than, 2002 James's prose criticism reveals the strongest pattern but a similar pattern is also discernable in criticism by well known authors such as W D Howells and Robert Louis Stevenson as well as the anonymous and now obscure critics writing in the periodicals of James's day **The Nathaniel Hawthorne Review**, 1998
