Popol Vuh The Great Mythological Of The Ancient Maya:

Popol Vuh ,1977-04 *Popol Vuh* ,1974 Encyclopedia of Ancient Deities Charles Russell Coulter,Patricia

Turner,2021-12-06 Throughout history humans have pondered the question of their existence In nearly every society part of the answer has included some form of god or goddess For the Mayans one such deity was Ajtzak who tried to create humans from wood for the Yorubas of Africa Shango controlled the thunder and lightning The Chinese of the Shang dynasty era worshipped Shang Ti Evil deities were also part of the answer as in the case of the Kuvera the Hindu chief of evil in the Vedic period and Tu the Persian or Islamic demon of fatal accidents All of the known ancient gods many heretofore obscure or known only from mythological literature are included in this exhaustive reference work The focus is on their origins histories and functions The people who believed in each deity are identified along with alternate names or spellings both old and modern The descriptions that follow are of the functions origins and physical nature of the deities Extensive cross references are provided for alternate spellings and names Decolonizing Indigeneity Thomas Ward,2016-12-20 While there are differences between cultures in different places and times colonial representations of indigenous peoples generally suggest they are not capable of literature nor are they worthy of being represented as nations Colonial representations of indigenous people continue on into the independence era and can still be detected in our time The thesis of this book is that there are various ways to decolonize the representation of Amerindian peoples Each chapter has its own decolonial thesis which it then resolves Chapter 1 proves that there is coloniality in contemporary scholarship and argues that word choices can be improved to decolonize the way we describe the first Americans Chapter 2 argues that literature in Latin American begins before 1492 and shows the long arc of Mayan expression taking the Popol Wuj as a case study Chapter 3 demonstrates how colonialist discourse is reinforced by a dualist rhetorical ploy of ignorance and arrogance in a Renaissance historical chronicle Agustin de Zate's *Historia del descubrimiento y conquista del Per* Chapter 4 shows how by inverting the Renaissance dualist configuration of civilization and barbarian the Nahua Aztecs who were formerly considered barbarian can be civilized within Spanish norms This is done by modeling the categories of civilization discussed at length by the Friar Bartolom de las Casas as a template that can serve to evaluate Nahua civil society as encapsulated by the historiography of Fernando de Alva Ixtlilxochitl a possibility that would have been available to Spaniards during that time Chapter 5 maintains that the colonialities of the pre Independence era survive but that Criollo indigenous dialogue is capable of excavating their roots to extirpate them By comparing the discussions of the hacienda system by the Peruvian essayist Manuel Gonz lez Prada and by the Mayan Quich eye witness to history Rigoberta Mench this books shows that there is common ground between their viewpoints despite the different genres in which their work appears and despite the different countries and the eight decades that separated them suggesting a universality to the problem of the hacienda which can be dissected This book models five different decolonizing methods to extricate from the continuities of coloniality both indigenous writing and the

representation of indigenous peoples by learned elites *World Mythology: An Anthology of Great Myths and Epics* Donna Rosenberg, 2001-02-12 World Mythology is a compilation of over 50 great myths and epics Your students will gain an appreciation and understanding of ancient and modern cultures through myths and epics from the Middle East Greece and Rome the Far East and Pacific islands the British Isles Northern Europe Africa and the Americas An introduction and historical background supplement each myth Questions at the end of each selection prompt analysis and response

Christenson, Frauke Sachse, 2021-11-08 This volume offers an integrated and comparative approach to the Popol Vuh analyzing its myths to elucidate the ancient Maya past while using multiple lines of evidence to shed light on the text Combining interpretations of the myths with analyses of archaeological iconographic epigraphic ethnohistoric ethnographic and literary resources the work demonstrates how Popol Vuh mythologies contribute to the analysis and interpretation of the ancient Maya past The chapters are grouped into four sections The first section interprets the Highland Maya worldview through examination of the text analyzing interdependence between deities and human beings as well as the textual and cosmological coherence of the Popol Vuh as a source The second section analyzes the Precolumbian Maya archaeological record as it relates to the myths of the Popol Vuh providing new interpretations of the use of space architecture burials artifacts and human remains found in Classic Maya caves The third explores ancient Maya iconographic motifs including

those found in Classic Maya ceramic art the nature of predatory birds and the Hero Twins deeds in the Popol Vuh The final chapters address mythological continuities and change reexamining past methodological approaches using the Popol Vuh as a resource for the interpretation of Classic Maya iconography and ancient Maya religion and mythology connecting the myths of the Popol Vuh to iconography from Preclassic Izapa and demonstrating how narratives from the Popol Vuh can illuminate mythologies from other parts of Mesoamerica The Myths of the Popol Vuh in Cosmology Art and Ritual is the first volume to bring together multiple perspectives and original interpretations of the Popol Vuh myths It will be of interest not only to Mesoamericanists but also to art historians archaeologists ethnohistorians iconographers linguists anthropologists and scholars working in ritual studies the history of religion historic and Precolumbian literature and historic linguistics Contributors Jaime J Awe Karen Bassie Sweet Oswaldo Chinchilla Mazariegos Michael D Coe Iyaxel Cojt Ren H ctor Escobedo Thomas H Guderjan Julia Guernsey Christophe Helmke Nicholas A Hopkins Barbara MacLeod Jesper Nielsen Colin Snider Karl A Taube *Catalog of Printed Books.
