The Techniques of Flute Playing I / Die Spieltechnik der Flöte I Carin Levine, Christina Mitropoulos-Bott, 2019-08-27 In den letzten Jahren haben sich zwar verschiedene Publikationen den erweiterten Spieltechniken der Holzblasinstrumente darunter auch speziell der Querflöte gewidmet. Das Buch von Carin Levine einer Protagonistin neuer Flötenmusik und von Christina Mitropoulos-Bott erläutert jedoch erstmals sämtliche spiel- und klangtechnischen Möglichkeiten der Querflöte in systematischer Form. Es belegt diese Techniken anhand von instruktiven Literaturbeispielen, die gleichzeitig auch über die Besonderheiten der Notation informieren. Den Weg zur praktischen Ausführung zeigen wertvolle Beanleitungen. Auf das Buch ist ein unverzichtbares Arbeitsmittel sowohl für den Komponisten wie für den Interpreten und Pädagogen. Umfassende Darstellung aller Spieltechniken der Querflöte in der Neuen Musik, didaktische Tipps zum Ausprobieren, aussagekräftige Notationsbeispiele aus zeitgenössischen Werken, praxiserprobt an allen gängigen Flötentypen, zweisprachiger Text (dt./engl.).

While each of these has had its particular utility and where other studies primarily take the form of catalogs of advanced sonic means, Volume 1 enters in depth into the actual techniques a flutist will need to master in order to faithfully realize the intention of the composer. Each aspect of dealing with extended techniques is considered, including the myriad of fingerings necessary to deal with certain problems. Volume 2 is an equally comprehensive work for piccolo, alto and bass flutes. Roy Hart Kevin Crawford, Bernadette Sweeney, 2022-03-10 Roy Hart's revolutionary work on the human voice through extended vocal technique and the Wolfsohn-Hart tradition has influenced several generations of practitioners. Hart's outstanding contribution to vocal research, practice and performance stretched over 20 years until his untimely death in 1975, and his vocal training produced performers with extraordinary and highly expressive vocal ranges. He founded a theatre company, Roy Hart Theatre, that brought his ideas to realisation in groundbreaking works. His influence through his own use of the voice for theatre and music and its embodiment in his company was widespread, attracting the interest of directors such as Peter Brook, Jerzy Grotowski and Jean-Louis Barrault. This book combines a detailed biography giving the social and artistic context of Hart's work and that of the early Roy Hart.

Theatre an exploration of Hart s own writings on his work combined with a review of articles by his wife Dorothy Hart and in depth interviews a stylistic analysis of his key works including *The Bacchae* and *L Economiste* and *Biodrame* and their critical reception pathways into some of the practical exercises devised by close collaborators of Roy Hart and practitioners of the Roy Hart Theatre Tradition As a first step towards critical understanding and as an initial exploration before going on to further primary research Routledge Performance Practitioners offer unbeatable value for today s student
