**Diet and Weight Loss** , 1999 Explores many commonly held myths about weight and eating right including lowfat and fat free foods *The Omega Diet* Artemis P. Simopoulos, Jo Robinson, 2011-02-15 The medically proven diet that restores

your body's essential nutritional balance. Good fats, essential fatty acids, influence every aspect of our being from the beating of our hearts to our ability to learn to remember. There are two types of essential fatty acids, EFAs, omega 6 and omega 3. The problem with our modern diet is that it contains far more omega 6 fatty acids than omega 3s. This hidden imbalance makes us more vulnerable to heart disease, cancer, obesity, autoimmune diseases, allergies, diabetes, and depression. The Omega Diet is a natural, time-tested diet that balances the essential fatty acids in your diet. It is packed with delicious food that contains the good fats, including real salad dressing, cheese, eggs, fish, even the occasional chocolate dessert, and an abundance of antioxidant-rich fruits, vegetables, and legumes. The Omega Diet provides seven simple dietary guidelines for optimal physical and mental health, a concise guide to the foods you need to restore your body's nutritional balance, a diet plan that lets you eat fat as you lose fat, fifty delicious recipes that are quick and easy to prepare, a comprehensive three-week menu to help you get started.

**The Crack Head Diet for Beginners** Dr. Brandon Day, 2023-06-21. If you're going to waste your money on another stupid diet book that doesn't work, spend it on this one. Jane Johnson, Diet Guru and Bestselling Author of *How to Stop Being So Fat*. Did you ever wonder why crackheads are all really skinny? Best-selling author and comedian Dr. Brandon Day spent the past year examining this phenomenon, and it isn't because they do Keto, cut carbs, intermittent fasting, Weight Watchers, or any of those other gimmicky weight loss plans. Crackheads don't count their steps or have Fitbits. They don't do Pilates, hot yoga, or CrossFit. Either crackheads are all really skinny because they smoke a shit ton of crack, or next to gastric bypass surgery and a few eating disorders, crack is the single greatest weight loss method on the market right now. This book will reframe us as a society to look at crack/cocaine so we can harness its hidden potential to give us all the smoking hot beach body you were after. Once you start smoking crack, you'll never have to buy another diet book again. Body Positive Weekly.
