Handbook of Research on Promoting Peace Through Practice, Academia, and the Arts Lutfy, Mohamed Walid, Toffolo, Cris, 2018-09-07 Academic disciplines perceive tranquility and a sense of contentment differently among themselves and therefore contribute to peace building initiatives differently Peace is not merely a function of education or a tool that produces amicable systems but rather a concept that educational contributions can help societies progress to a more peaceful existence The Handbook of Research on Promoting Peace Through Practice Academia and the Arts aims to provide readers with a concise overview of proactive positive peace models and practices to counter the overemphasis on merely ending wars as a solution While approaching peace building through multiple vantage points and academic fields such as the humanities arts social sciences and theology this valuable resource promotes peace building as a cooperative effort This publication is a vital reference work for humanitarian workers leaders educators policymakers academicians undergraduate and graduate level students and researchers

Reconciliation in der Post-Konfliktphase Reiner Meyer, 2007 Die Studie erlautert im Kontext des internationalen Konfliktmanagements und der Post Konfliktphase die Problematik der Versöhnung und Aussöhnung reconciliation Hierzu erfolgt eine Darstellung und Diskussion der existierenden Konzepte und Definitionen Es wird dabei auf die heute vielfach diskutierte und immer schwieriger werdende Themenstellung des Post Konflikt Friedensaufbaus oder des State building eingegangen Des Weiteren erfolgt eine kritische Beurteilung der theoretischen Konzepte hinsichtlich ihrer Praktikabilität und der realpolitischen Anforderungen Die technokratische Herangehensweise an das Thema Friedensaufbau und die Gestaltung der Post Konfliktphase verstärkte sich in den neunziger Jahren um Post Konflikt Situationen von außen aktiv zu beeinflussen Die damals mangelhaft erarbeiteten Konzepte entsprechen nicht den heutigen Anforderungen und den neu dazu gekommenen internationalen Problemen wie dem internationalen Terrorismus oder geopolitischen Interessen bezüglich Energieressourcen Das Thema Friedensaufbau und die aktive Unterstützung von Prozessen der Aussöhnung müssen daher kritisch gesehen werden

Peace, Justice, and Reconciliation in the Arab-Israeli Conflict Cranford Pratt, 1979 Over seven Canadian groups and individuals creatively weave together here a collective statement that begins to look seriously at the call for North American Christians to be responsive to new attitudes that will promote peace justice and reconciliation in the Middle East

Rethinking Peacebuilding Karin Aggestam, Annika Björkdahl, 2013 This book presents new theoretical and conceptual perspectives on the problematique of building just and durable peace Linking peace and justice has sparked lively debates about the dilemmas and trade offs in several contemporary peace processes Despite the fact that justice and peace are commonly referred to there is surprisingly little research and few conceptualizations of the interplay between the two This edited volume is the result of three years of collaborative research and draws upon insights from such disciplines as peace and conflict international law political science and international relations It contains policy relevant knowledge about effective peacebuilding strategies as well as an in

depth analysis of the contemporary peace processes in the Middle East and the Western Balkans Using a variety of theoretical perspectives and empirical approaches the work makes an original contribution to the growing literature on peacebuilding This book will be of much interest to students of peacebuilding peace and conflict studies Middle Eastern Politics European Politics and IR Security Studies

Jordanian-Israeli Relations Mutayyam al O'ran,2008-11-14 Jordan s peace treaty with Israel was unique as it bore the promise of what was termed a warm peace between the two warring countries With legitimacy provided by Madrid and Oslo hopes for true peace as the Israelis would describe it were high This book explores the Jordanian Israeli relations from a Jordanian perspective focusing on the peacebuilding experience since 1994 In examining the reasons why a warm peace has not developed the book focuses on the interplay between agency and structure on the Jordanian side in relation to the Israeli Palestinian context In doing so the book discusses the role of the various Jordanian leadership layers in the process and brings to the light intra societal dynamics and particularities of the Jordanian social construct With research based on the premise that international relations are social constructions meaning that facts are theory laden and contexts matter to political actors since they influence their understanding of conflict and impact upon their decisions the book also serves as an example of the application of an inter disciplinary approach to analyzing conflicts and subsequent peacebuilding experiences This book will be of interests to students of Politics and International Relations History Middle Eastern Studies and Social Studies in particular those interested in the areas of Conflict Resolution and Peacebuilding

Realizing Peace Louis Kriesberg,2015-03-30 In this book author Louis Kriesberg draws on the constructive conflict approach to assess American involvements in foreign conflicts since the onset of the Cold War He looks at what went well and what went poorly in order to derive ideas for engaging in conflicts more constructively in the future

The Middle East, Abstracts and Index ,1996 **Justice and Peace in the Israeli-Palestinian Conflict** Yaacov Bar Siman Tov,2014-09-19 In this book the late Prof Yaacov Bar Siman Tov argues that the failure of the Israeli Palestinian peace process so far has been mainly the result of the inability of both sides to reach an agreed formula for linking justice to peace The issues of justice and injustice are focused mainly on the outcomes of the 1947 1949 first Arab

Israeli War and specifically in the creation of the Palestinian refugee problem The conflicting historical narratives of the two sides regarding the question of responsibility for the injustice done to the Palestinians turn the Israeli Palestinian conflict into a classic case of linking the issues of justice and peace Yaacov Bar Siman Tov maintains that the narratives of justice and injustice in the Israeli Palestinian conflict have proved to be formidable barriers to peace Hence he recommends that justice should be compromised for the sake of peace The link between justice and peace is an important issue requiring both sides attention but given the wide and currently unbridgeable gap separating the two sides it should be postponed to the phase of reconciliation rather than being included in the process of conflict resolution The two state solution is endorsed as the best and practical solution and as a first step for a just peace in this conflict to be followed by reconciliation Highly topical this book is essential reading for scholars and researchers of International Relations Peace Studies and the Arab Israeli conflict
