Peace Without Justice Hegemonic Instability Or International Criminal Law:

Kriminologische Grundlagen einer internationalen Strafgerichtsbarkeit Frank Neubacher, 2005 English summary
In this study Frank Neubacher provides an interdisciplinary link between international law and criminal sciences and explains the process of setting and implementing standards in international criminal law His methods are based on the labeling approach according to which delinquent behavior cannot be analyzed without referring to social interaction and social definitions that label a behavior as criminal or refrain from doing so as is often the case on the governmental level The author comes to the conclusion that effective protection of human rights requires to broaden the concept of criminality in order to include the actions of the powerful and that there is no alternative to a functioning international criminal jurisdiction German description Mit seiner Studie leistet Frank Neubacher einen interdisziplinären Bruckenschlag zwischen Völkerrecht und Kriminalwissenschaften indem er u a den Prozess der Normgenese und Normimplementation im internationalen Strafrecht Völkerstrafrecht nachvollzieht Methodisch stützt er sich auf den labeling approach wonach delinquentes Verhalten nicht ohne Bezug zu den gesellschaftlichen Interaktionen und Definitionen analysiert werden kann die das Prädikat kriminell zuschreiben oder wie auf der Ebene von Staatsführungen deutlich wird auch nicht zuschreiben Der labeling Ansatz wird jedoch wo er heute nicht mehr überzeugen kann modifiziert um zu einer unvoreingenommenen Analyse der Entwicklung des internationalen Strafrechts vorzustossen Dadurch kann er mit atilogischen Fragestellungen kombiniert sowie für die Frage geoffnet werden inwieweit kriminologische Befunde eine internationale Strafgerichtsbarkeit legitimieren können In diesem Zusammenhang geht der Autor u a auf empirische Erkenntnisse zur interkulturellen Schwereereinschätzung von Delikten zur Viktimologie und zur individuellen strafrechtlichen Zurechnung von Systemunrecht ein Er kommt zu dem Schluss dass der wirksame Schutz von Menschenrechten eine Ausweitung des Kriminalitätsverständnisses auf das Handeln von Regierenden und Machtigen erfordert und dass es zu einer funktionsfähigen internationalen Strafgerichtsbarkeit keine Alternative gibt

Peace Without Justice Sterling Johnson, 2017 Title first published in 2003 Peace without Justice is a highly topical and insightful examination of the attitudes policies and constitutional issues behind U S rejection of the Rome Treaty and the International Criminal Court Provided by publisher **The International Criminal Court and Africa** Charles Chernor Jalloh, Ilias Bantekas, 2017-10-06 Africa has been at the forefront of contemporary global efforts towards ensuring greater accountability for international crimes But the continent s early embrace of international criminal justice seems to be taking a new turn with the recent resistance from some African states claiming that the emerging system of international criminal law represents a new form of imperialism masquerading as international rule of law This book analyses the relationship and tensions between the International Criminal Court ICC and Africa It traces the origins of the confrontation between African governments both acting individually and within the framework of the African Union and the permanent Hague based ICC Leading commentators offer valuable insights on the core legal and political issues that have confused the relationship

between the two sides and expose the uneasy interaction between international law and international politics They offer suggestions on how best to continue the fight against impunity using national ICC and regional justice mechanisms while taking into principled account the views and interests of African States Choices Under Fire Michael Bess,2009-03-12 World War II was the quintessential good war It was not however a conflict free of moral ambiguity painful dilemmas and unavoidable compromises Was the bombing of civilian populations in Germany and Japan justified Were the Nuremberg and Tokyo war crimes trials legally scrupulous What is the legacy bequeathed to the world by Hiroshima With wisdom and clarity Michael Bess brings a fresh eye to these difficult questions and others arguing eloquently against the binaries of honor and dishonor pride and shame and points instead toward a nuanced reckoning with one of the most pivotal conflicts in human history *Peace Without Justice* Sterling Johnson,2003 Peace without Justice is a highly topical and insightful examination of the attitudes policies and constitutional issues behind U S rejection of the Rome Treaty and the International Criminal Court **Legal Research and Law Library Management** Julius J.
