Pearl Image Of The Ineffable A Study In Medieval Poetic Symbolism:

Pearl, Image of the Ineffable Theodore Bogdanos, 1983 A new interpretation of the rich and highly complex medieval English poem Pearl is presented in this book Medieval symbolism as a whole especially the artistic problem of representing the apocalyptic and the ineffable gains illumination from the author's approach Deriving its critical premises from medieval aesthetics and symbolic theory the book employs two key metaphoric concepts the anagogic dissimilar similitude and the incarnational symbol The former emphasizes the incongruity between the finite means and the infinite object of representation physical image and spiritual essence the human and the divine The incarnational symbol seeks the reconciliation of these opposing natures on a sacramental level The Pearl Poet like Dante translates the tension among levels of perception sensory affective intellectual into an existential drama Pearl presents man and God as antagonists in a drama of faith the pearl as a symbol for the kingdom of God a symbol at once alluring and terrifying Through the experience of the poem's chief character the dreamer the reader learns the Eucharistic reconciliation divine pleasure takes on the warm familiarity of earthly pleasure and earthly pleasure is redeemed and elevated to its ideal form which is in God Handbook of Middle English Studies Marion Turner, 2013-04-01 A Handbook of Middle English Studies This sharp minded coherent set of essays both maps and liberates not only does it map the intellectual territory of contemporary cultural debate it also liberates the extraordinary texts of later medieval England to move across that contemporary cultural terrain James Simpson Harvard University Marion Turner has skilfully choreographed an exciting ensemble of fresh accounts of the English Middle Ages We see the period in a new light that shows with compassion and imagination as well as thoughtful scholarship how the literature of the past speaks to contemporary preoccupations Ardis Butterfield Yale University Strikingly original theory literate and materially grounded ways of reading Middle English texts David Wallace University of Pennsylvania A Handbook of Middle English Studies presents twenty six original and accessible essays by leading scholars analyzing the relationship between critical theory and late medieval literature. The collection offers a range of entry points into the rich field of medieval literary studies exploring subjects including the depiction of the self and the mind the literature of conquest ideas of beauty and aesthetics and the relationship between place and literature Topics that have long been central to the field such as authorship gender and race feature alongside areas only recently coming under critical scrutiny such as globalization the environment and animality Collectively the essays demonstrate that the manuscript culture of late medieval literature raises key theoretical issues concerning the relationship between authors texts and readers A Handbook of Middle English Studies models diverse approaches to medieval texts and stakes a claim in debates about topics ranging from class to the canon from imagination to nationhood from sexuality to the public sphere A Companion to Old and Middle English Literature Laura Lambdin, Robert Thomas Lambdin, 2002-06-30 Old and Middle English literature can be obscure and challenging So too can the vast body of criticism it has elicited Yet the masters of medieval literature often drew on

similar texts since imitation was admired For this reason recent scholarship has often focused on the importance of genre The genre in which a work was written can illuminate the author's intentions and the text's meaning Read in light of a genre s parameters a given work can be considered in relation to other works within the same category. This reference is a comprehensive overview of Old and Middle English literature Chapters focus on particular genres such as Allegorical Verse Balladry Beast Fable Chronicle Debate Poetry Epic and Heroic Lyric Middle English Parody Burlesque Religious and Allegorical Verse and Romance Expert contributors define the primary characteristics of each genre and discuss relevant literary works Chapters provide extensive reviews of scholarship and close with detailed bibliographies A more thorough bibliography of major scholarly studies closes the book An Introduction to the Gawain Poet John M Bowers, 2021-08-01 In An Introduction to the Gawain Poet John Bowers surveys an expanded selection of the works of Chaucer's anonymous contemporary considering Sir Gawain and the Green Knight alongside the poet's lesser known but no less brilliant works In addition to his succinct introductions and plot summaries Bowers skillfully details the cultural historical political and religious contexts for these works synthesizing them with close reading of selected passages Perhaps his most exciting contribution to the field is his choice to historicize the poet s life and works in the context of the royal culture of King Richard II boldly contending that it was highly possible the Gawain Poet was a frequent visitor to Richard's court in London The final chapter surveys the works influenced by as well as the influences reflected in the poet s work from the Bible to The Lord of the Rings The attention Bowers pays to the critical tradition that has developed around these texts over the past hundred years makes An Introduction to the Gawain Poet an ideal volume for both undergraduate students and scholars of the Gawain Poet Bowers has marshaled his formidable skills to create a book impressive in its balanced combination of breadth and depth A Companion to the Gawain-poet Derek Brewer, Jonathan Gibson, 1997 It ends with a discussion of the reception of the Morte Darthur from the sixteenth to the twentieth centuries and a select bibliography An Introduction to The Gawain-Poet Ad Putter, 2014-09-19 The late 14th century produced a crop of brilliant writers Chaucer Langland and Gower Their achievement was rivalled only by a series of four works generally agreed to have been written by a single northern author known as the Gawain Poet This book introduces the reader to the Gawain poet s four surviving works Sir Gawain and the Green Knight Patience Pearl and Cleanness The four poems are made accessible to the student by setting them in their relevant historical and cultural context and by developing some lines of critical argument All studies are based on the author s own research and translations **Pearl** Sarah Stanbury, 2001-12-01 Pearl resists identification by author date occasion or place of composition still it is almost unanimously hailed as one of the masterpieces of our literature so skilled is its author so eloquent its language It is a story according to Sarah Stanbury of crossing over the stepping out from the ordinary life into a parallel universe where things operate by different natural laws down the rabbit hole through the wardrobe or looking glass across the ocean to be shipwrecked on Prospero s island or more recently across a bridge to the island of Willow Springs in

Gloria Naylor's haunting novel Mama Day where the crossing over moves into a place of memory and hope the nostalgic space of home as well as Beulah or Eden the earthly paradise Travel and Travellers from Bede to Dampier Geraldine Barnes with Gabrielle Singleton, 2008-12-11 The essays in this collection a selection of papers presented at the University of Sydney Centre for Medieval Studies workshop Travel and Cartography from Bede to the Enlightenment August 22 23 2001 track a variety of travel narratives from the eighth century to the eighteenth Their voyages which extend from from the literal to the spiritual the political and the artistic show how the concept of narrative mapping has changed over time and how it encompasses cosmogony geography chorography topography and inventory Each essay is concerned in some way with the application of the medieval geographical imagination or with the enduring influence of that imagination upon post medieval travel and discovery writing This book will be of interest to undergraduate and postgraduate university students and to a broad range of academics across the disciplines of literature and history It will be of particular interest to medievalists and scholars of the early modern period and to readers of the new 1997 scholarly journal Studies in Travel Writing The volume will also appeal to a more general informed readership interested in the history of travel and the history of ideas early contact with indigenous people and encounters between East and West **Studies in the Age of Chaucer** Frank Grady, 2005-12-15 Studies in the Age of Chaucer is the annual yearbook of the New Chaucer Society publishing articles on the writing of Chaucer and his contemporaries their antecedents and successors and their intellectual and social contexts More generally articles explore the culture and writing of later medieval Britain 1200 1500 Each SAC volume also includes an annotated bibliography and reviews of Chaucer related publications The Pearl Poem George Doherty Bond, 1991 This work looks at the treatment of the poem as a maze a metaphor for the labyrinth in the life of art and belief Pearl and Contemplative Writing Annika Sylén Lagerholm, 2005 Chaucer Yearbook ,1996 **Bulletin of the John Rylands University Library of Manchester** John Rylands University Library of Manchester,1992 **Lund Studies in English** ,1933 Dictionary of the Middle Ages Joseph Reese Strayer, 1987 Vol 13 index prepared by Wm J Richardson Associates Inc Includes bibliographical references Geometric Theology and the Meaning of Clannesse in the Poems of the **Pearl Manuscript** Michael Edwards, 2004 The Gawain Poems Robert J. Blanch, 2000 The first bibliography on Gawain poetry in the last 20 years to focus on all four poems Contains 942 annotated entries lengthy explanations on each poem plus an informative introduction and index Pearl, 1995 The anonymous author of the poem Pearl is rated with Langland and Chaucer as one of the greatest Middle English poets And while a number of editions of this poem have been published including E V Gordon s 1953 edition and Marie Borroff s 1977 verse translation no edition until now has included a verse translation Middle English text and commentary in one volume William Vantuono s edition of Pearl is certain to become a classroom standard because it contains for the first time a Middle English text with a facing page Modern English verse translation as well as extensive scholarly apparatus Pearl is the first of four poems in a manuscript dated around 1400 A D

The other three poems in this manuscript are Cleanness Patience and Sir Gawain and the Green Knight According to Vantuono s introduction it is conceivable that Pearl was written for a nobleman perhaps the poet s patron who had lost a young daughter However many unanswered questions remain about the circumstances surrounding the poet and his writing of Pearl Was he a layman or a priest Is Pearl primarily elegy or allegory Was the pearl maiden his daughter and if she was can that fact be reconciled with the possibility that the poet was a clergyman This volume contains an extensive commentary covering all matters from minute textual problems to the various debates about the poem's theme and genre Appendices discuss versification dialect and language and sources and analogues two bibliographies list over 500 items through the early 1990s and the book concludes with a full glossary Pearl An Edition with Verse Translation will appeal to scholars confronted with the tasks of studying and teaching medieval literature to students in college and university classrooms It is a book designed for specialists and non specialists students and general readers Reading Subversion in the Vie de Saint Louis Afrodesia Egyptia McCannon, 1998 **Text and Matter** Robert J. Blanch, Miriam Youngerman Miller, Julian N.
