Communication and Identity in the Diaspora Christine L. Ogan, 2001-01-01 If my feet are in Amsterdam my head and heart are in Turkey This is the dilemma of the Turkish guestworkers in Christine Ogan s fascinating new work on the Netherland s migrant population Ogan explores the explosive impact the Turkish media has had on this particular diasporic community as they struggle to adapt to life in the West and to redefine their personal and collective identity Never before have people who lived in adopted lands had such immediate and pervasive access to information and entertainment

from their birth countries Communication and Identity documents how these newly available communication media have enabled migrants to maintain a connection with their ethnic culture a psychological comfort zone that minimizes estrangement from Turkey and exacerbates the separation from Dutch public life Not only a superb case study on how the Netherlands Turkish community defines itself this remarkable book s message resonates across the wider European debate currently raging on immigration

Lane, 2009-04-27 This book provides a much needed historiographical overview of modern Irish History which is often written mainly from a socio political perspective This guide offers a comprehensive account of Irish History in its manifold aspects such as family famine labour institutional women cultural art identity and migration histories

Cultures in Contact Dirk Hoerder, 2002-11-21 A landmark work on human migration around the globe Cultures in Contact provides a history of the world told through the movements of its people It is a broad pioneering interpretation of the scope patterns and consequences of human migrations over the past ten centuries In this magnum opus thirty years in the making Dirk Hoerder reconceptualizes the history of migration and immigration establishing that societal transformation cannot be understood without taking into account the impact of migrations and indeed that mobility is more characteristic of human behavior than is stasis Signaling a major paradigm shift Cultures in Contact creates an English language map of human movement that is not Atlantic Ocean based Hoerder describes the origins causes and extent of migrations around the globe and analyzes the cultural interactions they have triggered He pays particular attention to the consequences of immigration within the receiving countries His work sweeps from the eleventh century forward through the end of the twentieth when migration patterns shifted to include transpacific migration return migrations from former colonies refugee migrations and distinct regional labor migrations in the developing world Hoerder demonstrates that as we enter the third millennium regional and intercontinental migration patterns no longer resemble those of previous centuries They have been transformed by new communications systems and other forces of globalization and transnationalism

The Korean Diaspora in the World Economy C. Fred Bergsten, In-bŏm Ch'oe, 2003 In this book based on a major conference sponsored by the Overseas Koreans Foundation OKF in Seoul in October 2002 experts hold up South Korea as one of the most dramatic examples of participation in the global economy having gone from being a poor underdeveloped country fewer than 40 years ago to becoming a postwar economic success story This report also looks at South Korea s role as a regional trading partner and its present and future relations with north Korea

BACK COVER **Alte Götter in neuer Heimat** Martin Baumann, 2003 Die Literatur der Roma Frankreichs Julia Blandfort, 2015-03-10 Im Vergleich zum literaturwissenschaftlich und imagologisch bereits sehr gut erforschten Gebiet der Zigeunerbilder in der Literatur wurden bis jetzt kaum Arbeiten zur Selbstdarstellung der Roma in der Literatur veröffentlicht Auf der Basis der aktuellen Diaspora Forschung werden soziokulturelle Hintergründe der Roma Gemeinschaften betrachtet Dabei wird die These verfolgt dass die literarischen Werke von Roma Autoren eine historische Diaspora Erfahrung

nachzeichnen jedoch auch dazu beitragen einen politischen Diaspora Diskurs zu entwickeln In engem Zusammenhang dazu steht die Gedächtnisbildung Um sich als diasporische Gruppe zu konstituieren ist die Vermittlung kollektiver Symbolsysteme und historischer Erfahrungen bedeutend Diesbezüglich wird zudem der Übergang von einer traditionell mündlich orientierten Wissensspeicherung zum schriftlichen Ausdruck wie er in den Werken stattfindet betrachtet Mit der umfassenden Motivuntersuchung der narrativen Werke französischer Roma trägt die Studie dazu bei die Forschungslücke zur europäischen Literatur der Roma zu schließen

The British National Bibliography Arthur James Wells, 1995 **Living Across Worlds** Ninna Nyberg Sørensen, International Organization for Migration, 2007 The research presented in this volume is based on case studies from around the world to examine how migration influences development The studies reveal that it is seldom the simple act of migrating but rather the conditions under which migration takes place that determine the developmental impact of migration Rather than dwelling on normative discussions about whether migration should contribute to development whether remittances should be put to more developmental uses whether return should be promoted or whether development cooperation should engage in collaborative efforts with migrant and refugee diasporas this study focuses on the questions policymakers and practitioners should consider when making background analyses for such decisions
