Peintures De Sable Des Indiens Navajo:

Healing Art Marie Perret, 2012-08 Marie Perret has explored the connection between expression art and awareness for many years. Originally trained in transpersonal psychotherapy, meditation, and spiritual healing, she evolved a holistic way of working with creativity using intuitive painting called Art Synthesis. For the last 20 years, she has been running workshops and training courses. She describes her own creative journey, shares her experience of working with others, and her understanding of the vital role of creativity in human life.

The Waking of the Guardian Women of the Earth Marianne Grasselli Meier, 2022-05-31 Ecotherapy or green therapy is a method of getting to know oneself, others, and nature better. It is based on the principle that our physical and psychological health depends strongly on our interaction with the environment around us. A true guide for women combining tradition and modernity, this book reminds us of our role as guardian, initiator, or seed maker, working for ourselves, for our loved ones, and for all living beings. Indeed, no evolution can be achieved without the knowledge that intimately links us to nature. It is through this dialogue with the Earth that we learn to love. In this book of personal and spiritual evolution, you will discover practices and rituals inspired by the original medicine wheel passed on to the author by Maud S. Jourant, that will help you reconnect with nature. You will then feel the desire to reenchant your life and your environment and become a guardian of the Earth.

Le Temple et sa symbolique Patrick Négrier, 2013-12-01 Des menhirs aux ziggourats de Mésopotamie, des pyramides d'Égypte, la fête des tentes de la Bible, du labyrinthe de Daldé aux temples grecs et romains, de la Kaaba de La Mecque aux églises chrétiennes du Moyen Âge, Patrick Négrier nous offre un panorama complet des espaces sacrés au cours des siècles par les hommes, en analysant leur organisation et leur structure symbolique. Le temple est donc entendu ici au sens le plus large, comme centre du monde distribuant l'espace entre les sphères du sacré et du profane, et comme construction figurant le parcours initiatique de l'homme. Mais une place privilégiée est faite au Temple de Salomon, archétype du lieu sacré repris comme modèle dans toute la civilisation judéo-chrétienne, et dont la franc-maçonnerie utilise encore aujourd'hui la symbolique.

Colors Anne Varichon, 2006 Color is one of the most basic means of human expression. It can connote mood, social standing, political alignment, or merely personal preference. In *Colors*, archaeologist and ethnologist Anne Varichon presents a comprehensive history of color: its origins, its symbolism, its significance. Why was purple the chosen color of royalty and nobility? How have technological developments like bleach changed or diminished the importance of white? In addition to historical information on the extraction and meaning of different colors since Biblical times, Varichon provides recipes for creating each color using traditional sources from cultures around the world. L'art contemporain des Indiens du Sud-Ouest des États-Unis Catherine Baldit, 2002 En quatre parties, les origines de la peinture indienne, les peintres modernistes, les peintres de la beauté, l'art indien et le monde de l'art contemporain, l'auteur offre un panorama de la production contemporaine de l'art indien.
