Pax Britannica Heavens Command:

Heaven's command : an imperial progress James Morris,1980 **Traveling Genius** Gillian Fenwick,2008 This is a guidebook to the multifaceted career of the popular travel writer and historian Traveling Genius surveys the half century of work by British writer Jan Morris including more than fifty books and thousands of essays and reviews from 1950s America via Oxford Venice Trieste Sydney and Hong Kong to her home in Wales Internationally known as a travel writer she has also distinguished herself across many other genres by writing history autobiographies and biographies and literary fiction and essays Existing accounts of Morris work are largely confined to reviews and magazine essays and often concentrate on James Morris sex change and transformation into Jan Morris This is of course significant to the writing and some critics detect a change of tone and style afterward but a detailed analysis of how her writing works has not yet been undertaken In Traveling Genius Gillian Fenwick fills that gap in the scholarship with the first study to explore the depths of Morris complete body of work utilizing close readings and archival research Fenwick maintains that Morris abilities as historian biographer novelist journalist essayist and reviewer all come to bear in the travel writing that has defined and distinguished her international career In her unique profiles of cities and nations Morris has the ability to capture the spirit of a place and its culture without mere descriptions of tourist sites and activities as illustrated in her best selling works on Venice Oxford and Spain Her historical volumes and the groundbreaking Pax Britannica trilogy in particular show her abilities to write for a popular audience while influencing the work and opinions of academics **The Routledge History of Western Empires** Robert Aldrich,Kirsten McKenzie,2013-12-04 The Routledge History of Western Empires is an all new volume focusing on the history of Western Empires in a comparative and thematic perspective Comprising of thirty three original chapters arranged in eight thematic sections the book explores European overseas expansion from the Age of Discovery to the Age of Decolonisation Studies by both well known historians and new scholars offer fresh accessible perspectives on a multitude of themes ranging from colonialism in the Arctic to the scramble for the coral sea from attitudes to the environment in the East Indies to plans for colonial settlement in Australasia Chapters examine colonial attitudes towards poisonous animals and the history of colonial medicine evangelisation in Africa and Oceania colonial recreation in the tropics and the tragedy of the slave trade The Routledge History of Western Empires ranges over five centuries and crosses continents and oceans highlighting transnational and cross cultural links in the imperial world and underscoring connections between colonial history and world history Through lively and engaging case studies contributors not only weigh in on historiographical debates on themes such as human rights religion and empire and the taproots of imperialism but also illustrate the various approaches to the writing of colonial history A vital contribution to the field Ariel Derek Johns,2016-10-04 Jan Morris is one of the great British writers of the post war era Soldier journalist writer about places rather than travel writer elegist of the British Empire novelist she has fashioned a distinctive prose style that is elegant fastidious supple and sometimes gloriously gaudy For many

readers she is best known for her candid memoir *Conundrum* which described the gender reassignment operation she underwent in 1972 But as Ariel demonstrates this is just one of the many remarkable facts about her life As James Morris she was the journalist who brought back the story of the conquest of Everest in 1953 and who discovered incontrovertible evidence of British involvement in the Suez Crisis of 1956 She has been described by Rebecca West as the finest prose stylist of her time and her essays span the entire urban world Her many books include a classic on Venice a 1 600 page history of the British Empire and a homage to what is perhaps her favourite city Trieste Her writings on Wales represent the most thorough literary investigation of that mysterious land Derek Johns was Jan Morris s literary agent for twenty years Ariel is not a conventional biography but rather an appreciation of the work and life of someone who besides being a delightful writer is known to many people as a generous affectionate witty and irreverent friend It is published to coincide with her 90th birthday

Churchill's Wizards Nicholas Rankin, 2008-09-18 The real story of how Winston Churchill and the British mastered deception to defeat the Nazis by conning the Kaiser hoaxing Hitler and using brains to outwit brawn By June 1940 most of Europe had fallen to the Nazis and Britain stood alone So with Winston Churchill in charge the British bluffed their way out of trouble drawing on the trickery which had helped them win the First World War They broadcast outrageous British propaganda on pretend German radio stations broke German secret codes and eavesdropped on their messages Every German spy in Britain was captured and many were used to send back false information to their controllers Forged documents misled their intelligence Bogus wireless traffic from entire phantom armies dummy airfields with model planes disguised ships and inflatable rubber tanks created a vital illusion of strength Culminating in the spectacular misdirection that was so essential to the success of D Day in 1944 Churchill s *Wizards* The British Genius for Deception 1914 1945 is a thrilling work of popular military history filled with almost unbelievable stories of bravery creativity and deception Nicholas Rankin is the author of *Dead Man s Chest* *Telegram From Guernica* and *Ian Fleming s Commandos* This is a story clamouring to be told We could not have imagined the scope of the inventiveness the daring of these people s imaginations I could not stop reading this book Doris Lessing

[Heaven's Command](#) Jan Morris, 2010-12-22 Jan Morris tells the epic story of the rise of the British Empire from the accession of Queen Victoria in 1837 to her Diamond Jubilee in 1897 In this celebrated masterwork she vividly evokes every aspect of the great adventure ranging from ships and botanical gardens to hill stations and sugar plantations as she traces the impact of empire on places as diverse as Sierra Leone and Fiji Zululand and the Canadian prairies The *Pax Britannica* Trilogy also includes *Pax Britannica* *The Climax of an Empire* and *Farewell the Trumpets* An Imperial Retreat Together these three works of history trace the dramatic rise and fall of the British Empire from the accession of Queen Victoria in 1837 to the death of Winston Churchill in 1965 Jan Morris is also world renowned for her collection of travel writing and reportage spanning over five decades and including such titles as *Venice Coronation* *Everest* *Hong Kong* *Spain* *A Writer s World* and most recently *Contact* How many professional historians can write books that
