The Toughest Job I Ever Loved Jonathon Shacat, 2017-10-28 In his memoir Jonathon Shacat narrates his experience as a fish culture extension agent in the Peace Corps in the rainforest of Central Africa where he taught villagers how to build clay ponds and raise tilapia. He goes to Gabon to help the poor and hopes to make a big difference in their lives but he learns that change happens incrementally and one person at a time and he ends up realizing that he is the one who changes the most. Jonathon Shacat served as a Peace Corps Volunteer in Gabon in Central Africa from 1998 to 2000. My Life in the Peace Corps Shad Engkilterra, 2020-12-26 When I left for the Peace Corps in 1998 I knew I was in for the toughest job you'll ever love. I just didn't know what that meant. One thing that I did understand was that I would need support from my family and friends in the U.S. to get through the experience. I wrote many letters home to keep them informed of my experience and to give us something we could discuss when I returned to America. In country I took on the duties of providing public health and community development resources. I trained a health agent to give talks on AIDS and hygiene and I organized and found funding for the renovation of the community health center. My partner was the doctor at the health center. We worked hand in hand. He helped me avoid cultural traps, faux pas and loneliness. I brought in educational resources and innovation. I lived in a hut for two years, played with children and faced the frustration of culture differences. Every volunteer knows there are no shortages of bug and pest stories. However, few realize the amount of death they will face during their service. The Peace Corps isn't for the faint of heart. These letters detail the emotions and events as I went through them. I hope they inspire thought and caring for our fellow human beings. **Letters from Turkey** William D. Brockhaus, 2019-08-30 If you have ever wondered about the Peace Corps employment tagline "The toughest job you will ever love," we suggest you read the work **Letters from Turkey**. Written in both personal letter and personal journal entry format, the author will take the reader through an intimate view of his two years in the small Turkish town of Kiyse, introducing along the way both friends and arch enemies, students and fellow Peace Corps Volunteers. The work is a tribute to the resilience and determination of one person told against the backdrop of some of Turkey's most beautiful scenery. **Three Hundred Cups of Tea and the Toughest Job** Asifa Kanji, 2015-05-07 Even if Trouble is staring you in the face, be good to people. Dance. When David and Asifa said yes to serving with the Peace Corps in Mali, little did they know they were stepping onto a rollercoaster that would test their endurance, their creativity and patience. At age 60 and 57 they found themselves on the shore of the great Sahara Desert, posted to one of the hottest and poorest parts of Africa. She took up the fight against malnutrition with a campaign to cultivate the nourishing Moringa tree; he worked with a radio station and cybercafe that cultivated values of democracy and religious toleration. They found love in a hopeless place, a place that challenged them to look again at friendship, family and development with fresh eyes. It's a crazy tale of vampire cats, giant termites and Toyota flattening freight trains, not to mention playful conjugal text messages, sex to pass those weary hours of waiting for the bush taxi. Most of all, it is a story of the warm-hearted Malian people set against a darker background of approaching famine and political unrest, and culminating in

the couple's first hand accounts of the military coup and Peace Corps evacuation from Mali in 2012 Told with humor and compassion the side by side memoirs 300 Cups of Tea and The Toughest Job You'll Ever Love take you on a 14 month journey of life in the Sahel Proceeds will be donated to the Peace Corps Partnership fund to support volunteer led grassroots projects in Mali Contact us at ddruryandsonspub gmail com      Toughest Job You'll Ever Love Dave Downing, 2009      *The Real Job of the Peace Corps* Meridan Bennett, 1968      *Peace Corps Fantasies* Molly Geidel, 2015 To tens of thousands of volunteers in its first decade the Peace Corps was the toughest job you'll ever love In the United States popular imagination to this day it is a symbol of selfless altruism But in her provocative new cultural history of the 1960s Peace Corps Molly Geidel argues that the agency's representative development ventures also legitimated the violent exercise of American power around the world and the destruction of indigenous ways of life Geidel traces how modernization theorists used the Peace Corps to craft the archetype of the heroic development worker a masculine figure who would inspire people to abandon traditional lifestyles and seek integration into the global capitalist system
