Peace Journey:

A New World Order Paul Ekins, 2005-08-04 First published in 1992 Routledge is an imprint of Taylor Francis an informal company

Our Man George Packer, 2019-05-09 From one of America's greatest non-fiction writers an epic saga of the rise and fall of American power from Vietnam to Afghanistan told through the life of one man WINNER OF THE LOS ANGELES TIMES BIOGRAPHY PRIZE 2019 FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARDS 2020 Richard Holbrooke was one of the most legendary and complicated figures in recent American history Brilliant utterly self-absorbed and possessed of almost inhuman energy and appetites he was both admired and detested From his days as a young adviser in Vietnam to his last efforts to end the war in Afghanistan Holbrooke embodied the postwar American impulse to take the lead on the global stage He was the force behind the Dayton Accords that ended the Balkan wars America's greatest diplomatic achievement in the post-Cold War era His power lay in an utter belief in himself and his idea of a muscular generous foreign policy But his sharp elbows and tireless self-promotion ensured that he never rose to the highest levels in government that he so desperately coveted Holbrooke's story is the story of the rise and fall of America during its era of supremacy its strength drive and sense of possibility as well as its penchant for overreach and heedless self-confidence Drawing on Holbrooke's diaries and papers George Packer's narrative is both intimate and epic in its revelatory portrait of this extraordinary and deeply flawed man and the elite spheres of society and government he inhabited A GUARDIAN FINANCIAL TIMES SPECTATOR BOOK OF THE YEAR

Sociocultural Theory and Language Learning as Performance John R.

Haught, 2018-11-19 The author leads us on a journey of his years teaching additional languages through the use of performing arts Drama theater games music and other performance activities promote language use in authentic and engaging ways that differ from typical classroom activities and allow the language learners to have fun as they solve challenges in the target language Drawing on the work of Lev Vygotsky and Sociocultural Theory he demonstrates how learning is social and how learners create their knowledge by working with each other Drama and creative arts are a powerful means for teaching and learning language because of the emotional support and encouragement it entails He shows how performing arts engage learners intellectually physically and emotionally while offering supports and scaffolds that lead to powerful learning outcomes He has effectively used these techniques with children and adults both at home and abroad in many different cultures and settings and argues that anyone can use these learning strategies to augment their teaching

Bosnia Remade Gerard Toal, Carl T. Dahlman, 2011-02-16 Bosnia Remade is an authoritative account of ethnic cleansing and its partial undoing from the onset of the 1990s Bosnian wars up through the present Gerard Toal and Carl Dahlman combine a bird's-eye view of the entire war from onset to aftermath with a micro-level account of three towns that underwent ethnic cleansing and later the return of refugees There have been two major attempts to remake the ethnic geography of Bosnia since 1991 In the first instance ascendant ethno-nationalist forces tried to eradicate the mixed ethnic geographies of

Bosnia's towns, villages and communities. These forces devastated tens of thousands of homes and lives but they failed to destroy Bosnia Herzegovina as a polity. In the second attempt which followed the war, the international community in league with Bosnian officials endeavored to reverse the demographic and other consequences of this ethnic cleansing. While progress has been uneven, this latter effort has transformed the ethnic demography of Bosnia and moved the nation beyond its recent segregationist past. By showing how ethnic cleansing was challenged, Bosnia Remade offers more than just a comprehensive narrative of Europe's worst political crisis of the past two decades. It also offers lessons for addressing an enduring global problem.
