Peace, Print and Protestantism, 1450-1558 Clifford Stephen Lloyd Davies, 1977 **Peace, print and Protestantism : 1450 - 1558** C. S. L. Davies, 1976 **Reforming Catholicism in the England of Mary Tudor** Ronald Truman, 2017-05-15 In the history of the attempted restoration of Roman Catholicism in the England of Mary Tudor the contribution of her husband Philip and his Spanish entourage has been largely ignored This book highlights one of the most prominent of Philip's religious advisers the friar Bartolom Carranza A leading Dominican Carranza served the emperor Charles V whom he represented at the earlier sessions of the Council of Trent and then Philip II of Spain who brought him to England Even before Mary's death Fray Bartolom left for the Low Countries and then returned to Spain where as archbishop of Toledo he was arrested for heresy by the Spanish Inquisition His trial first in Spain and then in Rome lasted from 1559 until shortly before his death partially rehabilitated in Rome in 1576 The book contains papers on the activity and intellectual character of the English Church under Mary on Carranza's eventful life particularly his activity in England and on his often close collaboration with his friend Cardinal Reginald Pole set in the wider context of sixteenth century Catholicism Attention is also drawn both to Carranza's perhaps surprising subsequent fame and influence in the Spanish Church and to the common ground which despite obvious differences and subsequent divisions did indeed exist between reformers in Spain and England **A/AS Level History for AQA The Tudors: England, 1485-1603 Student Book** Hannah Dalton, 2016-02-04 A new series of bespoke full coverage resources developed for the AQA 2015 A AS Level History Written for the AQA A AS Level History specifications for first teaching from 2015 this print Student Book covers The Tudors England 1485 1603 Breadth component Completely matched to the new AQA specification this full colour Student Book provides valuable background information to contextualise the period of study Supporting students in developing their critical thinking research and written communication skills it also encourages them to make links between different time periods topics and historical themes **Römische historische Mitteilungen**, 1978 *Christianity Outside the Box* Nigel Scotland, 2012-12-03 A major aspect of the history of Christian missions is the way groups who have jumped the ecclesiastical ship have renewed and recalled their parent bodies back to biblical roots and a biblical vision This book examines fourteen such vibrant Christian movements which operated outside the box Each chapter ends with a practical section highlighting those factors that made the particular group successful They were all missional movements that pursued a Christian vision and developed structures to facilitate it In contrast the traditional organizations from which they emerged tended to do mission from an established given structure Here are seriously committed movements that offer a dynamic challenge to our contemporary churches *The Age of Elizabeth* D.M. Palliser, 2014-02-04 This famous book was the first up to date survey of its field for a generation even today when work on early modern social history proliferates it remains the only general economic history of the age This second edition substantially revised and expanded is clear in outline rich in detail stressing
