Peacekeepers and Their Wives David R. Segal,Mady Wechsler Segal,1993-10-30 David and Mady Segal analyze the adaptation of American soldiers assigned to the Multinational Force and Observers MFO in the Sinai Desert in support of the Camp David Accords in the context of the evolution of multinational peacekeeping forces as mechanisms for achieving international security The reactions of soldiers and their wives to the peacekeeping assignment are considered from the perspective of the social construction of reality in which the role of the military has been defined as war fighting The press has ignored peacekeeping until very recently and it falls to military organizations to soldiers and their families to make sense of the mission Lessons learned from the Sinai MFO experience should be used to help U S troops better prepare for their increasing role in multinational peacekeeping *The Middle East, Abstracts and Index* ,2001
