Peak Sexual Experience:

Women Who Love Sex Gina Ogden, 2007-09-11 Wonderful sex does more than melt both body and soul it brings power energy and deep satisfaction to all aspects of our lives In this unique book women who consider themselves highly sexually responsive talk in intimate detail about what gives them the greatest pleasure They redefine sex based on how women really experience sexual pleasure confirming what every woman knows instinctively while creating a new language that every woman will understand Based on extensive one on one interviews conducted by Dr Ogden with hundreds of women this thought provoking wise and unprecedented book transforms how we view sex by giving us new ways to think about sexual pleasure To learn more about the author Gina Ogden go to www.ginaogden.com **Sex-Positive Social Work** SJ

Dodd, 2020-06-30 Social workers engage with sex and sexuality in all kinds of practice settings and with a variety of client populations However conversations about healthy sexuality and sexual well being are all but absent from social work literature education and practice Many social work professionals have internalized sociocultural taboos about talking about sexuality and tend to avoid the topic in their practice This book provides an overview of key sexuality related topics for social workers from a sex positive perspective which encourages agency in sexual decision making and embraces consensual sexual activity as healthy and to be enjoyed without stigma or shame It discusses a wide range of topics including physiology sexual and gender identity sex in older adulthood BDSM and kink nonmonogamous and polyamorous relationships and ethical considerations including erotic transference The book is designed to embolden social workers to engage discussions of sexuality with clients and to provide an opportunity for self reflection and professional growth Accessible to students as well as social workers and mental health professionals at all levels Sex Positive Social Work emphasizes the relationship between sexual well being and overall well being giving social workers the tools to approach sex and sexuality actively and positively with clients **Varieties of Sexual Experience** Suzanne G. Frayser, 1985 *Handbook of Sexuality-Related Measures*

Clive M. Davis, 1998 Fundamental to understanding human sexual expression is reliable and valid measurement and assessment Many instruments have been developed to measure a myriad of sexuality related states traits behaviours and outcomes Few are easily accessible and the information is often limited concerning appropriate use and psychometric properties To counter these problems the Handbook of Sexuality Related Measures reproduces more than 200 instruments accompanied by essential information for their use in research educational and clinical settings Each chapter describes the development and appropriate use of each instrument Reliability and validity data are summarized and referenced **The Intimate Male** Linda Levine, 1983-12 *My Way: The Way of the White Clouds* Osho, 2023-08-16 Just before Buddha died somebody asked him When a buddha dies where does he go Does he survive or simply disappear into nothingness This is not a new question it is one of the oldest many times repeated and asked Buddha is reported to have said Just like a white cloud disappearing This very morning there were white clouds in the sky Now they are there no more Where have they gone From

where do they come How do they evolve and how do they dissolve again A white cloud is a mystery the coming the going the very being of it That s the first reason why I call my way The Way of the White Clouds Exploring Our Sexuality Patricia Barthalow Koch,1995 Women's Sexual Experience Martha Kirkpatrick,1982-04 This book like its companion volume Women s Sexual Development is a potpourri of ideas not campaign literature to promote a particular point of view The editor agrees with some of her authors and strongly disagrees with others The facts are few the questions many The intent of both books is to evoke questions delay convictions invite controversy and plead for opening minds The examination and explanation of women s sexual experience has long been the province of men The is and the oughts have been hopelessly confused by the investigators or exhorters biases and limited experience as well as by the use of the male sexual experience as the model for all human sexual experience Women at long last are talking not only to each other in personal journals and letters but also in the more formal worlds of academic and scientific publications The papers in this book come from many sources Some are academic some are experiential journalistic or personal Several emphasize the lack of adequate research and data but address an issue that is just appearing on the surface of contemporary controversy and concern Many topics and sources of information are missing *Human Sexuality* David A. expecting something huge and magical but generally what could be truly glorious settles into something less Why Why can't it be all that we hoped for As with anything else self knowledge is the starting point Mapping Your Sex Life can help you understand the physical and emotional needs desires fantasies and expectations of you and your partner and discover what may be holding you back from deep fulfillment of your sexual potential SEX IS IMPORTANT Sex is the engine of deep relationship and the foundation of family Sexual fulfillment is important to health wellness releasing stress and stimulating the flow of hormones and chemicals vital to the body And sexuality is a factor in your spiritual life as well The birthdate time and place of birth are all you need to create a birthchart with the help of the included CD ROM Your computer will print out an interpretive report for you and anyone else and the book will tell you how to apply this knowledge to enhance your sex life and that of your partner
