Pedagogical Economies The Examination And The Victorian Literary Man:

Pedagogical Economies Cathy Shuman, 2000 This book explores the examination's figurative power for 19th century discourses of subject formation and value through readings of works by Matthew Arnold Anthony Trollope Charles Dickens and John Ruskin writers who were active in the 1850s and 1860s when the examination began to structure a range of British institutions from the working class primary school to the Indian Civil Service *Education in Nineteenth-Century British Literature* Sheila Cordner, 2016-04-20 Sheila Cordner traces a tradition of literary resistance to dominant pedagogies in nineteenth century Britain recovering an overlooked chapter in the history of thought about education This book considers an influential group of writers all excluded from Oxford and Cambridge because of their class or gender who argue extensively for the value of learning outside of schools altogether From just beyond the walls of elite universities Jane Austen Elizabeth Barrett Browning Thomas Hardy and George Gissing used their position as outsiders as well as their intimate knowledge of British universities through brothers fathers and friends to satirize rote learning in schools for the working classes as well as the education offered by elite colleges Cordner analyzes how predominant educational rhetoric intended to celebrate England's progress while simultaneously controlling the spread of knowledge to the masses gets recast not only by the four primary authors in this book but also by insiders of universities who fault schools for their emphasis on memorization Drawing upon working men's club reports student guides educational pamphlets and materials from the National Home Reading Union as well as recent work on nineteenth century theories of reading Cordner unveils a broader cultural movement that embraced the freedom of learning on one's own *Nineteenth-Century Poetry and Liberal Thought* Anna Barton, 2017-11-27 This book explores the relationship between nineteenth century poetry and liberal philosophy It carries out a reassessment of the aesthetic possibilities of liberalism and it considers the variety of ways that poetry by William Wordsworth Elizabeth Barrett Browning Arthur Hugh Clough George Meredith Robert Browning Matthew Arnold and Algernon Charles Swinburne responds to and participates in urgent philosophical social and political debates about liberty and the rule of law It provides an account of poetry's intervention into four different sites where liberalism has a stake the self the university married life and the nation state and it seeks to assert the peculiar capacity of poetry to articulate liberal concerns proposing poetic language as a means of liberal enquiry *Der physiologische Bildungsroman im 19. Jahrhundert* Anne-Julia Zwierlein, 2009 **Anxious Times** Amelia Bonea, Melissa Dickson, Sally Shuttleworth, Jennifer Wallis, 2019-07-02 Much like the Information Age of the twenty first century the Industrial Age was a period of great social changes brought about by rapid industrialization and urbanization speed of travel and global communications The literature medicine science and popular journalism of the nineteenth century attempted to diagnose problems of the mind and body that such drastic transformations were thought to generate a range of conditions or diseases of modernity resulting from specific changes in the social and physical environment The alarmist rhetoric of newspapers and popular periodicals advertising various neurotic

remedies in turn inspired a new class of physicians and quack medical practices devoted to the treatment and perpetuation of such conditions *Anxious Times* examines perceptions of the pressures of modern life and their impact on bodily and mental health in nineteenth century Britain The authors explore anxieties stemming from the potentially harmful impact of new technologies changing work and leisure practices and evolving cultural pressures and expectations within rapidly changing external environments Their work reveals how an earlier age confronted the challenges of seemingly unprecedented change and diagnosed transformations in both the culture of the era and the life of the mind **Victorian Poetry** ,2012
